## Theme 2 - Teaching Staff and Professional Development (institutional level)

### KPI#1: Teaching staff profile, qualifications and policies

- **KPM 1.1:** *Institutional teaching staff profile:* permanent staff, sessional staff, teaching focused/scholarship; ratio of teaching staff/administrative staff; What is the percentage/weighting for teaching staff?
- **KPM 1.2:** How is equivalency determined for teaching staff? How is equivalency determined when teaching staff do not have a +1 qualification? How is 'industry expertise' relevance maintained? Are these effective? [e.g. AQF equivalence register, professional experience, policies/procedures]
- **KPM 1.3:** What induction/orientation activities are provided to new teaching staff, including sessional staff? Are these effective? [e.g. Orientation/induction attendance records, development of induction resources, website with induction resources]
- **KPM 1.4:** What processes are in place to ensure teaching staff, including sessional staff are updated on institutional policy and practice in teaching, learning and assessment? Are these effective? [e.g. workshops, contribution to policy development, emails, minutes, other feedback, compliance with policies]

#### KPM 1.1

The current UBSS teaching staff profile is –

Permanent Full time – 6

Permanent Part time – 23

Permanent Administration Only Staff – 5 (Ratio then is 29:5 or 5.8:1)

#### KPM 1.2

UBSS ensures all teaching staff are AQF+1 compliant.

In the MBA program – to ensure specialist expertise – UBSS has in place an Academic Staff Qualifications and Equivalence Policy ([Attachment #1](#)).

#### KPM 1.3

Each trimester a professional development day is conducted. A sample program is provided as [Attachment #2](#).

Program Directors take responsibility for induction of new staff. A sample induction check list is provided as [Attachment #3](#).

#### KPM 1.4

Updating on policy and procedure is managed by Program Directors in the form of email and F2F meetings.

**KPI#2: Institutional support for teaching/scholarship**

- **KPM 2.1:** What are the key strategic plans or frameworks for teaching/scholarship at the institution? Are these effective? [e.g. Strategic policies, plans, scholarship frameworks]
- **KPM 2.2:** What are the academic leadership structures, roles and accountabilities at the institution? Are these effective? [e.g. Deputy Vice-Chancellor/Pro Vice-Chancellor/Dean/Academic Registrar, Associate Dean/Program Coordinator/Manager/Subject/Discipline Leads/Unit/Subject Coordinators]
- **KPM 2.3:** What expectations of teaching requirements at each level to assist with attraction, retention and promotion of teaching staff? [e.g. scholarship criteria at different levels, promotion criteria) Are these effective?

**KPM 2.1**

UBSS has in place a strategic plan for capturing scholarship – see [Attachment #4](#).

UBSS has in place a Teaching and Learning Plan - see [Attachment #5](#).

UBSS has in place a Workforce Plan – see [Attachment #6](#).

UBSS staff report on annual scholarship activity at the end of each year. A sample 2018 scholarship profile is provided as [Attachment #7](#).

UBSS has in place a leadership structure that was recently risk rated (by TEQSA) as low suggesting appropriateness –

Indicator 6 - Graduate Desinations	High	Low	High	Low	Low
Indicator 7 - Senior Academic Leaders to Broad Field of Education	High	Low	Low	Low	Low

UBSS has in place a quality leadership framework in place that is best captured in the most recent iteration of the organisational structure – see [Attachment #8](#).

UBSS has a high level of retention of teaching staff and this has been the case for the last four years in particular.

UBSS formally reviews teaching staff performance, via Program Directors. This is conducted formally each year – usually throughout the year. Sample documentation is provided as [Attachment #9](#).

UBSS does not have in place a formal promotions program or policy.

Staff Satisfaction levels are very high (T2, 2019 aggregate at 4.61 on a 5 point scale) and we have low staff attrition – this would suggest that current practices are appropriate and appreciated. –

	Survey Questions	T2 2016	T3 2016	T1 2017	T2 2017	T3 2017	T1 2018	T2 2018	T3 2018	T1 2019	T2 2019
Q1	You are provided with the tools and resources to do your job well	4.10	4.00	4.87	4.63	4.81	4.83	4.62	4.54	4.40	4.44
Q2	Your job requirements are clearly communicated and goals and strategies are clearly defined	4.20	4.40	4.80	4.68	4.75	4.83	4.71	4.69	4.67	4.81
Q3	You feel encouraged to come up with new and better ways of doing things	4.10	4.20	4.73	4.53	4.50	4.61	4.67	4.54	4.73	4.44
Q4	Your supervisor visibly demonstrates a commitment to quality	4.10	4.20	4.87	4.79	4.69	4.72	4.71	4.77	4.87	4.75
Q5	You are satisfied with the level of involvement in decisions that directly affect your work?	3.90	4.20	4.53	4.37	4.63	4.56	4.62	4.69	4.60	4.25
Q6	UBSS does a good job of keeping employees informed about matters affecting your work?	4.00	4.30	4.93	4.79	4.81	4.89	4.62	4.77	4.80	4.81
Q7	Overall, you are satisfied with your job?	4.20	4.50	4.87	4.79	4.88	4.94	4.76	4.85	4.87	4.75
	Average	4.09	4.26	4.80	4.65	4.72	4.77	4.67	4.69	4.70	4.61

**KPI#3: Institutional resources and professional development**

- **KPM 3.1:** What resources are available for teaching staff to improve their teaching/scholarship practice? [e.g. Identified budget item for annual budget, funded positions for teaching scholarship and teacher development, online resources] Are these effective?
- **KPM 3.2:** How are individuals/teaching teams recognised and rewarded? [e.g. teaching awards, fellowships/scholarships, staff exchange] Is this effective?
- **KPM 3.3:** What are the key strategic themes for professional development for teaching staff at your institution? How is your institution addressing these key themes? Is this effective?
- **KPM 3.4:** What professional development opportunities are provided to staff (permanent and sessional teaching staff)? [e.g. Academic supervision, mentoring, conferences, workshops] Are these effective?

**KPM 3.1**

UBSS has in place a strategy for encouraging and registering scholarship – intended to maximise capture – [Attachment #10](#).

UBSS part-time staff teach at other institutions providing exceptional scholarship and benchmarking opportunities.

**KPM 3.2**

UBSS has in place the Executive Dean Awards each trimester – certificate and \$1,000 bonus - to recognise individual achievement. There are usually 3-4 awards each trimester.

Additional achievement is acknowledged in the regular 'Message from the Executive Dean' publication.

**KPM 3.3**

UBSS has in place a Professional Development Policy ([Attachment #11](#)).

UBSS has in place an Academic Staff Development Policy ([Attachment #12](#)).

Supervision and monitoring is managed by Program Directors. The most recent Staff Survey rated supervising/mentoring as high satisfaction at 4.75 on a 5 point scale –

	Survey Questions	T2 2016	T3 2016	T1 2017	T2 2017	T3 2017	T1 2018	T2 2018	T3 2018	T1 2019	T2 2019
Q1	You are provided with the tools and resources to do your job well	4.10	4.00	4.87	4.63	4.81	4.83	4.62	4.54	4.40	4.44
Q2	Your job requirements are clearly communicated and goals and strategies are clearly defined	4.20	4.40	4.80	4.68	4.75	4.83	4.71	4.69	4.67	4.81
Q3	You feel encouraged to come up with new and better ways of doing things	4.10	4.20	4.73	4.53	4.50	4.61	4.67	4.54	4.73	4.44
Q4	Your supervisor visibly demonstrates a commitment to quality	4.10	4.20	4.87	4.79	4.69	4.72	4.71	4.77	4.87	4.75

	Average	4.09	4.26	4.80	4.65	4.72	4.77	4.67	4.69	4.70	4.61

**KPM 3.4**

UBSS encourages and supports all academic staff in their professional development as per policy and procedure.

All staff report annually on their professional development activities. In 2018 UBSS captured a three year profile on all staff – a sample is provided as [Attachment #13](#).

The UBSS professional development spend over the three years (2016-2018) was \$491, 878 –

	2016	2017	2018
■ SPEND IN \$	221,059	128,479	142,340

## 1 Context

This policy outlines the appropriate qualifications and/or equivalent professional experience for academic teaching staff at the Universal Business School Sydney (UBSS).

## 2 Scope

### 2.1 Rationale

This policy applies to all staff with responsibilities for academic oversight or teaching and supervisory roles.

### 2.2 Legislative Context

The Australian Qualifications Framework, Second Edition, January 2013 (AQF) is the national policy for regulated qualifications in Australian education and training. It incorporates the qualifications from each education and training sector into a single comprehensive national qualifications framework.

The organising framework for the AQF is a taxonomic structure of levels and qualification types each of which is defined by a taxonomy of learning outcomes. The taxonomic approach is designed to enable consistency in the way in which qualifications are described as well as clarity about the differences and relationships between qualification types.

The AQF Levels define the relative complexity and depth of achievement and the autonomy required of graduates to demonstrate that achievement. In the AQF there are 10 Levels with Level 1 having the lowest complexity and AQF Level 10 the highest complexity. The Levels are defined by criteria expressed as learning outcomes.

AQF qualification type is the nomenclature used in the AQF to describe each discipline-free category of AQF qualifications. Each qualification type is defined by a descriptor expressed as learning outcomes. There are 14 AQF qualification types from across all education and training sectors.

The Higher Education Standards Framework (Threshold Standards) 2015 Standard 3.2 requires that –

3. Staff with responsibilities for academic oversight and those with teaching and supervisory roles in courses or units of study are equipped for their roles, including having –
  - a. Knowledge of contemporary developments in the discipline or field, which is informed by continuing scholarship or research or advances in practice;
  - b. Skills in contemporary teaching, learning and assessment principles relevant to the discipline, their role, modes of delivery and the needs of particular student cohorts; and
  - c. A qualification in a relevant discipline at least one level higher than is awarded for the course of study, or equivalent relevant academic or professional or practice based experience and expertise, except for staff supervising

### 3 Definitions

Item	Definition
<i>AQF</i>	<i>The Australian Qualifications Framework, which describes the minimum standards and levels of Australian qualifications and award courses.</i>
<i>Course</i>	A structured sequence of study leading to the award of a degree, diploma, certificate or other recognized qualification, which when successfully completed is conferred on the graduand by the GCA Board of Directors.
<i>Cognate discipline</i>	A closely allied discipline or area of study. Typically in the same broad Field of Education as classified by the Australian Bureau of Statistics in the Australian Standard Classification of Education (ASCED), 2001.
<i>Course Learning Outcome</i>	A statement of the knowledge, skills, and application of knowledge and skills that students are expected to have achieved upon completion of the course.
<i>Managerial work experience</i>	Work experience that includes responsibility for planning and organizing resources (including staff), leading or influencing individuals or groups and controlling processes, and that is characterised by the requirement to make decisions that can have a significant impact on the organisation.
<i>Professional work experience</i>	Work experience that includes some authority for decision making, individual accountability for results, and that is characterised by specified in-depth work requirements and the ability to use independent judgment and discretion in the performance of duties.

[Academic Staff Qualifications and Equivalence Policy] [Version v13 – Review date June 2021]

Item	Definition
<i>Related field</i>	Belonging to the Managers or Professional major groups as classified by the Australian and New Zealand Standard Classification of Occupations (ANZSCO).
<i>Qualification</i>	Refers to the broad discipline-free nomenclature used in the AQF to describe each category of AQF qualification
<i>Subject Learning Outcome</i>	A statement of what students are expected to learn and/or skills they are expected to acquire in the unit and be able to demonstrate upon completion of the unit.

#### 4 Qualifications and Equivalence Framework

Academic oversight, teaching, and supervisory roles involve the exercise of academic judgement and include conducting classes or seminars, online course delivery or facilitation, and setting and marking formative and summative assessment tasks.

Staff with responsibilities for academic oversight or teaching and supervisory roles in courses or units will have appropriate qualifications or equivalent experience as set out in Table 1 below (except as noted immediately below).

Staff without appropriate qualifications or experience may teach components of a course under the supervision of staff with appropriate qualifications or experience where they are employed:

- as professional specialists to meet specified educational needs;
- to teach as part of their career development; or
- to teach in emergent academic disciplines

where a plan to support their development, with appropriate timelines, is implemented and they are working under the supervision of an appropriately qualified staff member. The criteria set out in Table 1 below are applied in the context of the discipline and the relevant Course and Subject Learning Outcomes. The criteria may be varied or added to by the Academic Senate for specified award courses as appropriate for the discipline or for individual staff members provided staff can demonstrate equivalence of professional or practiced-based experience (with reference to AQF criteria) and are equipped to meet students' educational needs.

Decisions about the equivalence of experience of teaching staff are made by the Executive Dean on the advice of the Program Directors and/or other senior academic member(s) of the College with demonstrated expertise in the relevant discipline as appropriate.

Evidence to support decisions about equivalence of experience may include, but is not limited to -

[Academic Staff Qualifications and Equivalence Policy] [Version v13 – Review date June 2021]

- Experience in professional, business or creative or other practice-based roles requiring high order judgement and the provision of expert advice;
- Managerial experience in a related field;
- Testimonials, awards or other recognition that acknowledges leadership or expertise in the field;
- Professional qualifications, experience and standing, including participation in advisory boards and professional networks;
- Leadership in the development of professional standards;
- Peer reviewed publications and/or scholarship in a related field or other publications such as professional and/or industry reports;
- Leadership or management of research acknowledged by peers; or
- Current teaching experience in a related field with demonstrated success and evidence of scholarship in the field.

The assessment of equivalent experience will be made with reference to the relevant Course Learning Outcomes and AQF Level of award. The number of years of experience stipulated in Table 1 below is indicative and may be varied as appropriate for particular disciplines or professions. What is considered to be 'current' experience will depend on the pace of change in a particular discipline or profession.

## 5 Criteria for Assessing Appropriateness of Qualifications and/or Experience of Staff Overseeing or Teaching in a Course

Course Level	Minimum Qualification/Experience to Oversee or Teach at the Course Level
Diploma (AQF 5)	<ul style="list-style-type: none"> <li>• Bachelor degree (AQF 7) in a cognate discipline; or</li> <li>• at least five-years full-time managerial and/or professional work experience in a related field; or</li> <li>• at least five-year full-time current teaching experience at AQF 5 with demonstrated success and evidence of scholarship in the field.</li> </ul>
Bachelor (AQF 7)	<ul style="list-style-type: none"> <li>• Bachelor Honours degree, Graduate Certificate or Graduate Diploma (AQF 8) in a cognate discipline; or</li> <li>• Bachelor Degree (AQF 7) in a cognate discipline and at least five-years fulltime managerial and/or professional work experience in a related field; or</li> <li>• Bachelor Degree (AQF 7) in a cognate discipline and at least five-year fulltime current teaching experience at AQF 7 with demonstrated success and evidence of scholarship in the field.</li> </ul>

[Academic Staff Qualifications and Equivalence Policy] [Version v13 – Review date June 2021]

Bachelor Honours; Graduate Certificate; Graduate Diploma (AQF 8)	<ul style="list-style-type: none"> <li>• Masters degree (AQF 9) in a cognate discipline; or</li> <li>• Bachelor Honours degree, Graduate Certificate or Graduate Diploma (AQF 8) in a cognate discipline and at least five-years full-time managerial and/or professional work experience in a related field; or</li> <li>• Bachelor Honours degree, Graduate Certificate or Graduate Diploma (AQF 8) in a cognate discipline and at least five-year full-time current teaching experience at AQF 8 with demonstrated success and evidence of scholarship in the field.</li> </ul>
Masters (coursework) (AQF 9)	<ul style="list-style-type: none"> <li>• PhD (AQF 10) in a cognate discipline; or</li> <li>• Masters degree (AQF 9) in a cognate discipline and at least five-years fulltime managerial and/or professional work experience in a role requiring specialised knowledge, expertise and independent high-level planning and management of people and/or complex processes/projects; or</li> <li>• Masters degree (AQF 9) in a cognate discipline and at least five-year fulltime current teaching experience at AQF 9 with demonstrated success and evidence of scholarship in the field.</li> </ul>

## 6 Document Change Control

# CAPTURING SCHOLARSHIP AT UBSS

**Greg Whateley, Jotsana Roopram and Andy West**

v1 - June 2018

V2 – November 2018

V3 – January 2019

Scholarship at UBSS Captured

## FOREWORD

*Scholarship* at UBSS is taken very seriously.

The attached commentary and profiles evidence that staff at UBSS are scholarship active and that the notion of scholarship within a teaching and learning focused organisation is understood and encouraged.

Part one of this book provides an historical context for the development of this understanding and the contextualising of scholarly activity appropriate for the Sector and of course the institution. The pioneering work of Boyer (1990) is used as the basis for development of a customised UBSS approach to scholarship harvesting.

Part two provides the evidence of individual efforts to stay current, contribute to industry and ensure personal and professional development takes place. This publication needs to be read in the context of the Professional Development Policy which is a benchmarked and appropriate approach to Professional Development and Scholarship.

I recommend this publication to you.

**Professor Greg Whateley**

Executive Dean, UBSS and Provost, Sydney CBD Campus

Scholarship at UBSS Captured

## CAPTURING SCHOLARSHIP AT UBSS

### PART A

The primary 2011 Threshold Standard that was initially questioned was **PCS 1.4** –

*PCS 1.4: The higher education provider's academic staff are active in scholarship that informs their teaching, and are active in research when engaged in research student supervision.*

Further, the 2015 Standards that are primarily concerned with scholarship and are most relevant to the next iteration of registration are, in *Part A* (Standards for Higher Education):

- 3.1.2 (scholarship informs course design; the content and learning activities of a course of study engage with advanced knowledge and inquiry)
- 3.2.3 (teaching staff maintain knowledge of their field of teaching through continuing scholarship; teaching and assessment principles are contemporary and relevant to the discipline)
- 4.2.2 (scholarship characterises the environment of research training)

and

*Part B* (Criteria for Higher Education Providers):

- Part B1 (scholarship that informs teaching is an essential characteristic of higher education providers, as is engagement with advanced knowledge and inquiry)

The Pratt Report (August 2017) commissioned by TEQSA identified a number of deficiencies which were basically significant allegations without proper factual foundation and these principally included allegations of –

- UBSS interpretation of model (Boyer) not general interpretation;
- Absence of scholarship in CVs;
- According to resumes substantial number of staff were not engaged in scholarship;
- Newly introduced scholarship profiles only one year coverage - more scholarship evidence is required;
- Professional Development Policy encourages a culture of scholarship – but only recently;
- Occasional Papers was discontinued.

Professor Pratt (August 2017) did conclude that the use of the BOYER model *is appropriate*.

### Scholarship at UBSS Captured

In the spirit of co-operation, GCA offered to complete a triangulated review of the current Scholarship farming tools (data collection process) that would compare the tool with a number of NUHEPs (including TEQSA itself) and provide suggestions for improvement, if required. The key issues raised by Professor Pratt (without accepting the veracity of his assertions) could be addressed with the following steps and within the proposed timeline –

Steps	Tasks	Responsibility	Timing
A	Seek support from a current benchmarking consortium to focus on scholarship data collection	Executive Dean	1 Oct, 2017
B	Consider findings of project	Executive Dean	30 Nov , 2017
C	Present findings to Academic Senate and seek direction	Chair of Academic Senate	14 Dec, 2017

This proposal was put to TEQSA and the AAT in an open letter but was rejected by TEQSA and so a hearing took place, albeit part-heard. As the AAT proceedings were adjourned for the expert determination process, there was no cross-examination of Professor Pratt on this issue.

The current /UBSS stance is –

- The Boyer Model of Scholarship is a useful tool and guides UBSS on matters of scholarship. The model acknowledges *teaching and learning organisations* in particular;
- The absence of scholarship evidence in CVs was addressed by the Executive Dean in 2016 (circa April 2016) with the insistence on a Scholarship Profile (in addition to a current CV) for each staff member from that point forward. This was further refined for the 2017 data gathering which provided an even tighter and appropriate focus. The 2018 data collection (provided) satisfies Conditions 7a and 7b (for May 2019) of the current registration period.
- **Professor Whateley** (Executive Dean and Provost), too, has considerable expertise in this area and defends the right to be innovative around the Boyer model (therefore rejecting the Pratt contention). Given that Glassick, Huber and Maeroff (1997) adapted the model; Bron, Cohen, Kaeser, Leane, Littleton, Otto and Rickman (1999) adapted the model; Campbell (1991) adapted the model; Stull (1995) adapted the model; Francis and Taylor (2002) adapted the model; so it seems an inappropriate criticism from TEQSA (Pratt – August 2017) and again Pritchard and Gordon for TEQSA (November 2017) that Whateley (2016) is *not* permitted to do so.

## Scholarship at UBSS Captured

- Scholarship (and Professional Development) were discussed in detail in GCA's July 2017 documentation – Package #13 'Scholarship at UBSS' (pp1-14), Package #12 'Professional Development at UBSS' (pp1-26), and in Professor Whateley's August 2017 Statement at paragraphs 100-108. The matter, raised again by Pritchard and Gordon for TEQSA (November 2017), required a further response from Whateley (December 2017).
- The current UBSS *Professional Development Policy* –

<https://www.ubss.edu.au/media/1294/professional-development-policy.pdf>

is comprehensive and 'fit for purpose'. It was developed to ensure the necessary focus on professional development (and scholarship) is supported and that a culture of scholarship, as such, is encouraged.

To provide TEQSA with a level of comfort and further evidence of compliance it was proposed that an existing six way benchmarking project be redirected to explore how scholarship is best measured and encouraged. This exercise outcome was presented at the 8 December GCA 2017 *Board of Directors* meeting and the *UBSS Academic Senate* on 14 December 2017. The proposed data collection for UBSS was endorsed -

15. Refreshed Documents (Professor Greg Whateley) – Attachments #16.1, #16.2, #16.3a and 16.3b, #16.4, #16.5, #16.6
  - 15.1 Benchmarking
  - 15.2 Moderation of Assessment
  - 15.3 Collection of Data
  - 15.4 Course Review
  - 15.5 Human Resource Management
  - 15.6 Scholarship

**Issue** Agenda Item #16 - Refreshed Documents - 12:28pm

**Consideration**

GW spoke about the task of refreshing a range of documents including Benchmarking, Moderation of Assessment, Collection of Data, Course Review, Human Resource Management and Scholarship.

All papers have been satisfactorily completed and GW advised that these will be presented at the next Academic Senate meeting for consideration.

Board members commended the documents.

**Resolution**

The update was moved by PN and seconded by AM. The update was accepted without dissent

**Action**

Documents to be presented to the next Academic Senate meeting of December 14, 2017

*Extract from December 7, 2017 GCA Board of Directors' Meeting Minutes.*

## Scholarship at UBSS Captured

18. <b>Scholarship Update</b> (Attachments #18) – 11:49 am	
<b>Issue</b>	Professor Greg Whateley presented the Update to the Senate
<b>Consideration</b>	<p>GW provided an overview and context for the review</p> <p>GW presented the paper to the Senate</p> <p>GW pointed out that we are well placed when compared with other like institutions</p> <p>GW briefed on some changes and added points which were highlighted in the document.</p> <p>RW agreed that the approach was appropriate</p> <p>DL indicated the process and comparisons were good</p> <p>AW agreed that these changes and recommendations were all good and appropriate</p> <p>RH agreed</p> <p>CE agreed</p> <p>CJ agreed</p>
<b>Resolution</b>	<p>It was recommended that the Report and the approach to scholarship harvesting be accepted. Moved by RW, seconded by CE – <i>accepted without dissent</i></p>
<b>Action</b>	The Executive Dean to activate the process of collection and publish the paper on the UBSS website.]

*Extract from the December 14, 2017 UBSS Academic Senate Meeting Minutes.*

Whateley (2016) explored the Boyer thinking around scholarship –

Scholarship is one of many TEQSA quality standards which higher education providers are required to demonstrate in order to maintain registration. Essentially, scholarship refers to knowledge acquired by study (and reflection). However, in the context of the TEQSA quality standards, scholarship refers to the application of knowledge acquired by study to all operations of a higher education institution in order to improve and sustain the quality provision of education.

Scholarship involves continuously improving the provision of education (and the operations under-pinning that provision) by applying knowledge *to bring about improvement/s*.

Scholarship at UBSS, then, requires the ongoing pursuit of knowledge acquired by study (and research) to sustain and improve the provision of education to local, national and international best practice. In short, scholarship refers to the advancement of knowledge in teaching, learning and academic disciplines.

## Scholarship at UBSS Captured

Attempts to measure 'scholarship' are fraught with pitfalls. The ERA projects and recent events at some Australian Universities, for example, highlight the difficulties in trying to measure 'research' in research-intensive universities, let alone 'scholarship' in teaching-intensive higher education providers.

**Ernest Boyer** (1990) provided the proposition that "we must move beyond the tired old 'teaching versus research' debate and give the familiar and honorable term 'scholarship' a broader and more capacious meaning." Specifically, he (Boyer) proposed that scholarship should have four separate yet overlapping meanings: the scholarship of discovery, the scholarship of integration, the scholarship of application, and the scholarship of teaching.

Boyer, E (1990). *Scholarship Reconsidered: Priorities of the Professoriate*. Princeton, NJ: Carnegie Foundation for the Advancement of Teaching.

This aspect of the Boyer model is recognized by TEQSA and used in the TEQSA Guidance Notes for scholarship.

## Scholarship at UBSS Captured

**BOYER MODEL OF SCHOLARSHIP**

The approach suggested by Boyer (1990) to scholarship has become a benchmark for those institutions which plan to be *teaching-intensive higher education providers in which scholarly activity informs teaching*. Boyer [see table below] proposed an expanded definition of 'scholarship' within teaching based on four functions that underlie the quality teaching – Discovery, Integration, Application and Teaching.

Type of Scholarship	Purpose	Examples of Measures of Performance
Discovery	Build new knowledge through traditional research.	<ul style="list-style-type: none"> <li>Publishing in peer-reviewed forums</li> <li>Producing a creative work within established field</li> <li>Performing a creative work to a public audience</li> <li>Exhibiting at a Museum or Exposition</li> <li>Creating infrastructure for future studies</li> </ul>
Integration	Interpret the use of knowledge across disciplines.	<ul style="list-style-type: none"> <li>Preparing a comprehensive literature review</li> <li>Writing a textbook or study guide</li> <li>Collaborating with colleagues to design and deliver a core course</li> </ul>
Application	Aid society and professions in addressing problems.	<ul style="list-style-type: none"> <li>Serving industry or government as an external consultant</li> <li>Assuming leadership roles in professional organizations</li> <li>Advising student leaders, thereby fostering their professional growth</li> <li>Delivering a technical report, study, presentation, pamphlet, survey, building a prototype, developing a methodology or protocol, a significant speech</li> </ul>
Teaching	Study teaching models and practices to achieve optimal learning.	<ul style="list-style-type: none"> <li>Advancing learning theory through classroom research</li> <li>Developing and testing instructional materials or new teaching methods</li> <li>Developing support materials, running a wiki or blog</li> <li>Mentoring postgraduate students</li> <li>Designing and implementing an assessment system</li> <li>A funded teaching or training initiative</li> <li>Contribution to accreditation or quality systems and documentation</li> </ul>

With these distinctions (or thinking) in mind, one can see a model for the appraisal of **the scholarship of teaching** which can be negotiated by a higher education teacher with his/her line manager and monitored by his/her mentor in the context of the meaning in practice of the mission of the institution in line with matters such as the *Strategic Plan* - <https://www.ubss.edu.au/media/1176/ubss-strategic-plan.pdf>; *Teaching and Learning Plan* - <https://www.ubss.edu.au/media/1183/teaching-and-learning-plan-2017-2020.pdf>; and *Workforce Plan* - <https://www.ubss.edu.au/media/1182/work-force-plan-2017-2020.pdf>

**UBSS ALIGNMENT WITH BOYER MODEL**

For UBSS this formed the basis of a pro-forma that teaching staff are asked to complete annually. The format includes –

Activity	Alignment with Boyer
Positions Held	Application
Memberships	Application
Conferences and Symposia	Discovery
Articles and Papers	Discovery
Self-Education	Integration
Teaching at other like institutions	Teaching
Formal Courses	Integration
Other	Integration

The format selected (2016) utilised the headings and foci above. A sample scholarship profile is provided –

SCHOLARSHIP PROFILE 2016 FOR DR GREG WHATELEY
<b>Positions held during 2016</b>
<b>Dean</b> , WSU College (end April) <b>Provost</b> , Blacktown Campus, Western Sydney University (end April) <b>Executive Dean</b> , UBSS <b>Provost</b> , Castlereagh Campus, UBSS <b>Executive Director</b> , GCA Board of Directors
<b>Memberships in 2016</b>
<b>Member</b> , Academic Senate – Western Sydney University (end April) <b>Member</b> , APCAC – Western Sydney University (end April)

TEQSA *states* that it recognises diversity and the need to support innovation in the higher education sector. Consequently, TEQSA acknowledges that scholarship is **practiced differently** and is different in nature and form across different providers. The importance of scholarship to effective teaching and learning is widely agreed and a range of strategies have been identified in the literature and in evidence presented to TEQSA to develop, support and sustain scholarship both at an institutional level and at the individual staff level – both vital.

Ironically the TEQSA tool (below) for measuring scholarship currently only provides for a single element, which does not even follow TEQSA's own Scholarship Guidelines –

Scholarship at UBSS Captured

Australian Government  
Tertiary Education Quality and Standards Agency

Aggregated list of scholarly and research output - **Name**

Author(s)		Year of publication	Title of publication	Journal/volume/proceedings	Type of publication (1)	Peer-reviewed/reviewed	Research classification (research/scholarship)	Broad Field of Education
Surname	Initial							

Copy and complete as many additional tables as required.

Clearly deficient – a better means of gathering relevant data is required, hence the consideration of other capture designs.

## Scholarship at UBSS Captured

**SCHOLARLY ACTIVITIES**

There are various aspects to scholarship, but at its core is **the maintenance of knowledge of current developments** in the discipline, and **transmission of this knowledge** through effective, contemporary approaches to teaching and learning.

At an individual level, scholarly activities include –

- **professional practice** such as: membership of discipline journal editorial boards and/or professional societies/associations; consultancy work; involvement in academic societies, peer review processes and/or communities of practice; presentation of conference papers; chairing forums at relevant conferences.

Activity	Alignment with Boyer
Positions Held	Application
Memberships	Application
Conferences and Symposia	Discovery
Articles and Papers	Discovery

- conducting **original research** in the relevant discipline/s or in teaching and learning practice.

Activity	Alignment with Boyer
Conferences and Symposia	Discovery
Articles and Papers	Discovery
Self-Education	Integration
Teaching at other like institutions	Teaching
Formal Courses	Integration

## Scholarship at UBSS Captured

- involvement in **curriculum development and review** processes

Activity	Alignment with Boyer
Conferences and Symposia	Discovery
Articles and Papers	Discovery
Self-Education	Integration
Teaching at other like institutions	Teaching
Formal Courses	Integration

- conducting/presenting **staff professional development workshops** to support the advancement of knowledge and disseminate new practice-based and theoretical knowledge to colleagues and others

Activity	Alignment with Boyer
Self-Education	Integration
Teaching at other like institutions	Teaching
Formal Courses	Integration
Other	Integration

- engaging with **external communities** such as through the provision of academic services.

Activity	Alignment with Boyer
Positions Held	Application
Memberships	Application
Teaching at other like institutions	Teaching
Other	Integration

## Scholarship at UBSS Captured

- undertaking **secondments that facilitate scholarship** such as academic management/ leadership positions

Activity	Alignment with Boyer
Self-Education	Integration
Teaching at other like institutions	Teaching

- undertaking **higher level qualifications**.

Activity	Alignment with Boyer
Formal Courses	Integration

- Scholarship also manifests in **scholarly teaching**, which lies at the core of higher education, encompassing both aspects of scholarship - the maintenance of knowledge of current developments in the discipline, and transmission of this knowledge.

Activity	Alignment with Boyer
Positions Held	Application
Conferences and Symposia	Discovery
Articles and Papers	Discovery
Self-Education	Integration
Teaching at other like institutions	Teaching
Formal Courses	Integration
Other	Integration

## Scholarship at UBSS Captured

At an individual level, demonstrating scholarly teaching includes -

- Being familiar with **the latest ideas, debates and issues** relating to the subject being taught, for example by reading relevant journals and publications on a regular basis, using this knowledge to shape teaching practice being informed by current ideas for teaching the subject/discipline, such as improved pedagogies, learning processes, curricula, academic policies and learning materials

Activity	Alignment with Boyer
Memberships	Application
Conferences and Symposia	Discovery
Articles and Papers	Discovery
Self-Education	Integration
Teaching at other like institutions	Teaching
Formal Courses	Integration
Other	Integration

- **evaluating and reflecting on teaching practice and student learning** (for example through peer assessment of teaching; reflecting on student feedback and actively engaging with students about learning outcomes) in order to challenge assumptions and consider alternative and/or different perspectives on teaching practices

Activity	Alignment with Boyer
Positions Held	Application
Conferences and Symposia	Discovery
Articles and Papers	Discovery
Teaching at other like institutions	Teaching
Other	Integration

## Scholarship at UBSS Captured

- stimulating students and **fostering their learning in a variety of ways, to engage with current ideas** in the discipline area

Activity	Alignment with Boyer
Positions Held	Application
Memberships	Application
Conferences and Symposia	Discovery
Articles and Papers	Discovery
Self-Education	Integration
Teaching at other like institutions	Teaching
Formal Courses	Integration
Other	Integration

- exploring, testing, practising and communicating understanding of who the learners are, how they learn and what practices are most effective in the **context of the discipline** (pedagogical content knowledge).

Activity	Alignment with Boyer
Positions Held	Application
Memberships	Application
Conferences and Symposia	Discovery
Articles and Papers	Discovery
Self-Education	Integration

## Scholarship at UBSS Captured

**MIT**

MIT (a NUHEP) affiliated with Federation University [www.mit.edu.au](http://www.mit.edu.au) utilizes a comprehensive collecting instrument -

**3. Scholarship of Teaching Folio**

*Please do not be intimidated by this heading. In fact we are all involved in the Scholarship of Teaching when we maintain currency with our units and involve ourselves in the business community.*

*We are asking you to state how you 'demonstrate' that your activity in this area has application to your teaching. For example, if you are an active member of a professional association, attend a professional development day with your discipline related association (eg CPA - update of taxation laws), then you bring back into the classroom such current information but with innovative teaching strategies to support student learning and engagement, then it would qualify as research informed teaching (Scholarship of Teaching).*

*This can be an ongoing activity, for example, successful collaborations evolve over a period of time.*

**3.1 Summary Statement of Approach to Scholarship of Teaching**

--

**3.2 Evidence for Involvement in, and Application of, Scholarship of Teaching**

Year	Involvement and Application

**3.3 Collaborations** *You may be working with a team from another organisation. For example, working with others from an industry association on a professional development program for members.*

Year	Collaborations

**4. Research and Creative Work Folio**

*Once again do not feel intimidated. MIT's understanding of research used was extracted from Boyer's 'Scholarship Reconsidered' (1990) as well as a more recent report by Jenkins and Healey (2005) 'Institutional strategies to link teaching and research'. Both these documents support MIT's Scholarship and Research Plan (2012-2016) which defines research as:*

- *"Basic research- which is of an experimental and theoretical nature undertaken to acquire new knowledge without a specific application in view*
- *Applied research – which is original in nature undertaken to primarily acquire new knowledge with a specific application in view*

### Scholarship at UBSS Captured

and/or

- *Experimental development – systematic work, using existing knowledge gained from research or practical experience that is directed to producing, installing or improving new materials, products or devices”*

*For example, studying for a higher degree (Grad Cert., PhD); writing a textbook; journal articles...*

*This can be an ongoing activity, for example, the impact of your research may take time especially if it is a level A journal which could take 3 years to publish.*

#### 4.1 Summary Statement of Research Area/s

--

#### 4.2 Quality Measures *(This may be based on the quality of the journal [level], audience, acceptance rate of the publication ...)*

Year	Quality Measures

#### 4.3 Impact Measures *(This may refer to number of times it is cited, subsequent discussion/debate, invitation to keynote speaker ...)*

Year	Impact Measures

#### 4.4 Collaborations *You may be part of a research project/grant which has been funded to provide a public report or working on joint authored journal articles.*

## AIB

AIB (NUHEP) [www.aib.edu.au](http://www.aib.edu.au) utilizes –

Dear Academic Staff

The Higher Education Standards require all academic staff to be scholarly active in the discipline area and in Teaching and Learning relevant to the cohorts taught. Please take a few minutes of your time to answer the following questions as this will enable us to collect and update the academic records and will assist us in developing effective training and professional development resources.

1) First and Last Name

2) Current role and Company Name

3) Employment Period (current role)

4) What academic role do you have at AIB? Please choose all that apply

☐ Online Facilitator (facilitates online classes (MBA))

☐ Writer (develops/writes learning materials and exams)

☐ Marker (marks assessments)

☐ Moderator (moderates marked assessments)

☐ TC facilitator (delivers face to face classes)

If TC facilitator, please enter the name of your Teaching Centre(s)

5) Where do you carry out your academic role?

☐ AIB (online/external)

☐ Teaching Centre/campus outside Australia

6) Are you currently studying towards a relevant higher education award? A relevant higher education award could range from a PhD in Leadership to a Certificate in training and Assessment

☐ Yes

If answered yes above, please provide the name of the award and the institution that you are studying with. For example: PhD in Leadership, Australian Institute of Business

☐ No

7) Do you hold a current permanent academic position at a higher education institution (university or college)?

☐ Yes

If yes, please provide the name of the institution

☐ No

## Scholarship at UBSS Captured

8) Since 1 January 2017, have you taught at other higher education institutions (universities or colleges) in addition to your work for AIB?\*

☐ Yes

If yes, how many other institutions?\*

☐ 1

☐ 2

☐ 3 or more

☐ No

9) Since 1 January 2017, were you involved in any of the following scholarly activities? Please choose all that apply. Leave it blank or unticked if not applicable

Published a paper in an academic journal

☐ Yes

If yes, please provide the reference and publication details:

Presented a research paper at an academic conference

☐ Yes

If yes, please provide the reference and publication details\*:

Supervised a doctoral student

☐ Yes

Please provide details

Examined a doctoral thesis

☐ Yes

Please provide details

Participated in a seminar/workshop/conference about education (or Teaching and Learning)

☐ Yes

Please provide details

## Scholarship at UBSS Captured

Participated in a seminar/workshop/conference related to your discipline

☐ Yes

Please provide details

Studied towards a qualification in Assessment, Online Education, Educational Design or similar

☐ Yes

Please provide details

Participated in curriculum review activities at a higher education provider

☐ Yes

Please provide details

Other educational or Teaching and Learning activity

☐ Yes

Please provide details

10) AIB will be providing resources and ongoing training (related to your role at AIB). Please provide details of the types of resources and ongoing training would you like to have access to\*

Thank You!

The key elements of the farming are –

- Academic Roles
- Participation in Seminars, Workshops and Conferences
- Study Towards a Related Qualification
- Curriculum Review Activities
- Doctoral Supervision or Marking
- Papers in Academic Journals
- Other

## Scholarship at UBSS Captured

**UBSS** (as a consequence of the benchmarking project) has adopted a useful harvesting tool that is Boyer embracing (friendly) and comprehensive at the same time. When compared to the TEQSA tool (the least attractive and comprehensive) and the additional scholarship data collection approaches, the UBSS approach is both appropriate and informative -

**UNIVERSAL

Other	

The design is colour coded to provide a clear matching with the Boyer fundamentals. All staff at UBSS are scholarship active. Most NUHEPs appear to harvest annually. UBSS follows the practice of annual collection of scholarship information from its staff, through the distribution of the above template, with a sample completed. UBSS staff are encouraged and reminded to gather their scholarship summary on a regular basis and as completed throughout the year to ensure accuracy.

2016 and 2017 has already been harvested. The 2018 data will be harvested in December 2018 and will satisfy condition 7b.

***The relevant Scholarship Profiles from UBSS (2018) are provided in Part B of this publication.***

14	Teaching and Learning in the 2017-2020 Strategic Plan

## Purpose

UBSS has had in place a Teaching and Learning Plan since 2012 in line with previous UBSS Strategic Plans. The continuous improvement in Teaching and Learning at UBSS has seen the development and implementation of several successful initiatives and the discontinuation of projects/initiatives that were less successful. This dynamic change is essential.

This current Teaching and Learning Plan (2017-2020) builds on the success of previous plans and brings it into alignment with the refreshed **UBSS Strategic Plan 2017-2020**.

There are *external factors* impacting on teaching and learning that present uncertainty, and that require monitoring and updating on a regular basis -

- The changing regulatory and quality framework with the refocussing of the Tertiary Education Quality and Standards Agency (TEQSA) from 2017;
- The Higher Education Standards Framework (2015) to take affect from 1 January 2017. Section 3.2 Staffing, Section 3.3 Learning Resources and Educational Support;
- TEQSA Guidance Note: Staffing, Learning Resources and Educational Support (Beta v1.2 updated 8 March 2017);
- The demands of the Australian Qualifications Framework (AQF);
- The Federal Government's Higher Education Reform Package;
- The new Education and Training Minister, Senator Birmingham, taking a more consultative approach, amendments may possibly be put forward and gain traction.
- Recent media coverage of ATAR placements being given to students well below the set ATAR entry level, pressure may mount to re-introduce caps on university degree entry; Market and economic factors such as exchange rate.

There are also *internal factors* to be considered include –

- Change in location of the UBSS campus to Sydney CBD;
- Strategic focus in providing entrepreneurial content and support to students;
- Increase in senior management to improve governance and management capability;
- Projected increase in student numbers from existing and new international markets;
- Re-introduction of domestic students by way of more attractive premises and postgraduate course offerings;
- Introduction of Executive Education programs;
- The establishment of the Centre for Entrepreneurship.

The UBSS Teaching and Learning Plan 2017-2020 is intended to provide certainty and clarity during this time of external uncertainty, while taking advantage of internal opportunities for improvement and growth. The purposes of this Teaching and Learning Plan are to –

- Communicate the Strategic Vision of UBSS in an effort to encourage staff and students to embrace the entrepreneurial focus in particular;
- Ensure that UBSS Teaching and Learning has a strong focus on entrepreneurship and innovation, and that UBSS becomes a national leader in teaching and scholarship;
- Place the student experience as the focus of the quality initiatives underlying the UBSS Teaching and Learning strategy and delivery;
- Provide a framework to allow community, industry and government engagement with UBSS staff and students through teaching and learning practices, as well as for outreach programs to bring a practical, real-world element to that student experience.

## Vision

UBSS is a Private MBA School (NUHEP).

During 2015 the term “Entrepreneurs” was included in the mission statement and thinking to ensure that the teaching and learning of entrepreneurship is embedded in the subjects and courses offered by UBSS. The establishment of the Centre for Entrepreneurship (circa January 2017) further cemented the focus.

This change in strategic focus requires additional measures in the Teaching and Learning Plan 2017-2020 to ensure the quality assurance and delivery of these new focus courses.

## UBSS Teaching and Learning Plan Review

The last review against outcomes of the previous Teaching and Learning Plan 2013 – 2015 was completed in December 2015.

This most recent review (September 2017) aligns with the refreshed UBSS Strategic Plan 2017-2020.

The *objectives* that complement the current UBSS Strategic Plan 2016-2018 are set out below.

## Student Progression

### Focus on Student Experience

- a) A more 'user friendly' timetable is in place with MBA subjects offered on Tuesdays and Wednesdays and undergraduate offerings available on Monday, Thursday and Friday;
- b) Monitoring of teaching has been enhanced so as to identify both high-performing and low-performing staff (evidenced in SFUs and annual reviews);
- c) High-performing staff are being rewarded (Executive Dean Awards) and the offer of more teaching opportunities while low-performing staff are being encouraged to enhance their teaching performance;
- d) Staff Professional Development focus on the needs of international students and the use of eResources. This is supported by the Staff Professional Development Policy (UBSS Academic Policies v 11.1, page 63, <http://www.ubss.edu.au/Uploads/Resources/Policies%20and%20Procedures%20Master%20V11.1%20updated%20by%20JW.pdf> )

## Staff Scholarship and Research

### Developing and broadening participation of Staff Scholarship

All staff are encouraged to be actively involved in scholarship. Annual harvesting of scholarship is undertaken using the Boyer foundations –

## Workplace Integrated Learning (WIL)

UBSS will continue previous successful WIL initiatives in all programs. From 2017 there will also be the development of case studies drawn from Fellows of the Centre for Entrepreneurship and UBSS Industry Partners. The WIL definition used by TEQSA is:

“In the context of the Higher Education Standards Framework (Threshold Standards) 2015 (HES Framework), work-integrated learning (WIL) encompasses any arrangement where students undertake learning in a workplace outside of their higher education provider as a part of their course of study. Such arrangements may include -

- clinical or other professional placements,
- internships,
- workplace projects.”

Source: [http://www.teqsa.gov.au/sites/default/files/GuidanceNote\\_WorkIntegratedLearning%201.0.pdf](http://www.teqsa.gov.au/sites/default/files/GuidanceNote_WorkIntegratedLearning%201.0.pdf)

UBSS uses a broader interpretation of WIL as defined by the Office of Teaching and Learning. UBSS will not be following this narrow definition of WIL used by TEQSA, that *only* includes workplace learning, but rather the broader accepted definition of -

*“WIL is delineated as the intentional integration of theory and practice knowledge, and a WIL program provides the means to enable this integration and **may, or may not**, include a placement in a workplace, or a community or civic arena.”*

Source: <http://www.olt.gov.au/resource-work-integrated-learning-2011>

The WIL typology as developed by Lawson, Fallshaw, Papodopoulos, Taylor and Zanko (2011, p64) has been used to ensure the depth of learning in UBSS subjects. All of the classifications have been implemented in the past by UBSS, except for Internships with no plans to introduce internships in the current Teaching Learning Plan period –

Classification of WIL	Description
<b>1. Industry case study</b>	An actual business scenario or challenge faced by business, requiring students to apply analytical and problem-solving skills to explore solutions and/or critically evaluate those made by business executives.
<b>2. Industry simulation</b>	Reality-based, experiential learning-centred approaches engaging students in real-time analysis and decision making in real-world situations within the safety of an educational environment.
<b>3. Industry practitioner delivery</b>	Industry practitioners engage in the teaching program to deliver specialized lectures, present in seminar series, conduct professional development workshops or participate in assessment of student projects and presentations.
<b>4. Industry study tour</b>	Includes field trips, site visits and more lengthy tours. Industry study tours aim to create opportunities by travelling to industry-related places and situations, allowing students to apply theory, see theory in practice, ask questions of professionals in situ, compare and contrast different sites of work, and connect curriculum and learning to professional practice.
<b>5. Industry competition</b>	Industry competitions involve individual businesses organizing, judging, sponsoring or in some other way encouraging students (often in teams) to compete against each other to achieve a business-oriented goal in a short timeframe. Industry competitions include marketing strategies, management plans, business start-up ideas and online business games. Recognition and rewards are an important incentive in this category.
<b>6. Industry mentoring</b>	Matching students with a professional role model to enhance skills (instrumental) and attributes (developmental); investigating career options (transition and pathways); increasing understanding of the benefits of coursework (knowing and doing); and exposure to different thinking and learning methods.
<b>7. Industry project</b>	Industry projects include a broad range of activities and typically involve the sort of work undertaken in the workplace. Industry projects include the production of a workplace artefact (for example management plan, business report, market research) and management activities. As well as providing a forum to apply theory to a real-world work issue, projects develop students' project management skills, team skills, communication skills and problem-solving skills.
<b>8. Industry placement (internship)</b>	Immerses students in a workplace related to their discipline or career goals. Ideally, industry placement combines both class-based learning and structured and supported workplace activity with opportunities to reflect on learning and seek timely feedback on performance.

Source: Lawson R, Fallshaw E, Papodopoulos T, Taylor T and Zanko M(2011) Professional Learning in the Business Curriculum: Engaging Industry, Academics and Students, Asian Social Science, Vol. 7, Iss. 4, pp 61-68.

For the current Teaching and Learning Plan 2017-2020, the following WIL programs will be implemented –

Classification of WIL	Description
<b>1. Industry case study</b>	Drawing on the expertise of the Centre for Entrepreneurship (CFE) Fellows, the academic leadership of UBSS staff and representative bodies, UBSS will develop and publish Entrepreneur Case Studies to be used within class in all UBSS programs. This will be in the form of short written case studies, video interviews, questions and answers. Cases will remain the intellectual property of UBSS with ISBN and ISSN registration.
<b>2. Industry simulation</b>	Continued use of Business Simulation Game (BSG) in the Capstone subject for Bachelor of Business and Masters of Business Administration, entrepreneur stream. Wider use of appropriate simulation games in entrepreneur games to build a dynamic experiential learning environment for entrepreneurship.
<b>3. Industry practitioner delivery</b>	Continued delivery of presentations from Fellows of the CFE. Widening of presentations to include from UBSS Industry Partners. Industry Practitioner Delivery by identifying a series of successful and articulate business persons and arranging for them to give lectures in one of the key entrepreneurship subjects
<b>4. Industry study tour</b>	Current field trips to Reserve Bank of Australia, The Mint, Australian Stock Exchange and Australian Institute of Management. Broader use of field trips and industry study tours throughout all programs. Integration of learning from industry study tours by addressing learning outcomes, content, assessment and graduate attribute development.
<b>5. Industry competition</b>	Current industry competition using BSG. A widening of range of partners using BSG both nationally and internationally.
<b>6. Industry mentoring</b>	Future use of CFE Fellows and Industry Partners to mentor business projects.
<b>7. Industry project</b>	Future use of industry project provided by Industry Partners within entrepreneurship subjects at Bachelor Business and MBA level.

## Teacher and Learning Resourcing

UBSS provides learning resources and educational support to ensure quality, sufficiency and access for all students to enable their learning.

The details of the Teacher and Learning Resources are provided in the 15 page support document “Domain 3.2: Teaching Individual Student Assistance” authored by Executive Dean Professor Greg Whateley. The major points covered in this document include:

- Program Director role and involvement in overseeing quality of the program
- student orientation overview
- MyGCA student management system
- Moodle Learning Management System
- Core subject Advanced Business Communications in the first trimester of each program.
- Web based study skills and career development skills resources on UBSS website and Moodle administered by the E Learning co-ordinator
- Support workshops provided by the Learning Support co-ordinator

Access to educational resources is ensured through the subscription to the following major international journal and text book databases for free through the MyGCA student management system.

UBSS provides free access to wifi on campus to all students and guests. The student lounge has 30 computers with desks and sofas. There are 3 breakout rooms for group work. The computer lab is fitted with 40 computers. All class rooms are fitted with internet, video and audio enables computers, with overheard projectors and smartboards.

Online access is ensured through all Moodle LMS and MyGCA SMS programs being Mobile Enabled, allowing all students who have a smart phone to access this information anywhere and anytime. UBSS endeavours to simulate, where possible, access to information in a seamless digital environment fostering quality cognitive learning. All learning material for each subject is provided on the Moodle LMS to allow access to lecture slides, readings, outlines, assessment outlines and assessment submission on campus and remotely.

## Responsibilities and KPIs

The primary responsibility for the Teaching and Learning Plan 2017-2020 lies with the **Executive Dean**.

A range of KPIs have been built into the **UBSS Strategic Plan 2017-2020** that specifically focus on the quality of teaching and learning –

### QUALITY

	2015	2016	2017	Q1	Q2	Q3	Q4	2018	2019	2020	
Full time staff (%)	10	25	25	31.3	28	25	25+	25	27	29	✓

## Teaching and Learning in the 2017-2020 Strategic Plan

UBSS places considerable emphasis on improving and maintaining the quality of teaching. It aims to do this by adopting a more systematic approach to teacher selection; enhanced professional development; systematic monitoring of teaching; and rewarding outstanding teaching performance.

UBSS recruitment is managed by the **Executive Dean** with the assistance of **Program Directors**.

Each trimester (during orientation week) a staff development day is held with an emphasis on various elements of good teaching and learning. The UBSS Professional Development Policy at UBSS spells out the measures and activities that are used and/or encouraged for staff to maintain a high level of teaching and analysis.

**Program Directors** conduct ongoing one-on-one, face-to-face meetings with teaching staff (including sitting in on classes). These interactions focus on the quality and relevance of the subject, the quality of the teacher's performance based on student and supervisor evaluation and compliance with administrative requirements, and ways in which the subject and the teacher's performance can be improved.

Teachers with poor performance may have their teaching allocations reduced or removed. Teachers with superior performance will be eligible for the Executive Dean Awards (Certificate and cash bonus).

## ATTACHMENT 6

WORKFORCE PLAN 2017-

# Workforce Plan 2017-2020

(Refreshed September 2017 in line with UBSS Strategic Plan)

Professor Greg Whateley  
Associate Professor Andrew West  
September 2017

17	Performance Monitoring
23	Staff Retention
24	Workforce Key Performance Indicators
26	Staff Growth and Succession Planning

## Purpose

The purpose of this Workforce Plan 2017 - 2020 is to provide, for UBSS as a private higher education provider, a *strategic approach* to human resources planning, implementation and evaluation that is aligned to its overarching strategy as outlined in the **UBSS Strategic Plan 2017-2020**.

There are *external factors* impacting on teaching and learning that present uncertainty, and that require monitoring and updating on a regular basis -

- The changing regulatory and quality framework with the refocussing of the Tertiary Education Quality and Standards Agency (TEQSA) from 2017;
- The Higher Education Standards Framework (2015) to take affect from 1 January 2017. Section 3.2 Staffing, Section 3.3 Learning Resources and Educational Support;
- TEQSA Guidance Note: Staffing, Learning Resources and Educational Support (Beta v1.2 updated 8 March 2017);
- The demands of the Australian Qualifications Framework (AQF);
- The Federal Government's Higher Education Reform Package;
- The new Education and Training Minister, Senator Birmingham, taking a more consultative approach, amendments may possibly be put forward and gain traction.
- Recent media coverage of ATAR placements being given to students well below the set ATAR entry level, pressure may mount to re-introduce caps on university degree entry; Market and economic factors such as exchange rate.

There are also *internal factors* to be considered include –

- Change in location of the UBSS campus to Sydney CBD;
- Strategic focus in providing entrepreneurial content and support to students;
- Increase in senior management to improve governance and management capability;
- Projected increase in student numbers from existing and new international markets;
- Re-introduction of domestic students by way of more attractive premises and postgraduate course offerings;
- Introduction of Executive Education programs;
- The establishment of the Centre for Entrepreneurship.

## Vision

UBSS is a private higher education provider (NUHEP). During 2015 the term “Entrepreneurs” was included in the mission statement as a strategic focus of UBSS and to ensure that teaching and learning of entrepreneurship are embedded in the subjects and courses offered by UBSS. In more recent times – 2016/2017 – Entrepreneurship has become a central focus for UBSS as part of the narrative. The Strategic Plan 2017-2020 has developed a set of KPIs specifically centred on this domain –

Measures						
	2015	2016	2017	2018	2019	2020
<b>Fellows</b>	0	0	15	15	15	15
<b>Industry Presentations</b>	0	0	5	6	7	8
<b>Industry Partnerships</b>	4	7	12	15	17	19
<b>Focus Subjects</b>	3	5	10	10	10	10

Ensuring the successful transition to an entrepreneurial focus within UBSS required strategic intent, planning, implementation and monitoring across all aspects of the organisation. One key aspect of the success of the UBSS Entrepreneurial focus, to date, is having staff with the knowledge, teaching skills and management skills to deliver high-quality academic, management and support services.

This **Workforce Plan** sets out how UBSS will maintain its commitment to quality delivery of its courses while successfully implementing the focus on Entrepreneurial courses and subjects during 2017-2020.

## Strategic Context

This Workforce Plan 2017-2020 supports the objectives of the UBSS Strategic Plan 2017 – 2020. Five strategic objectives have been set for the period 2017-2020 -

### Entrepreneurship Education

#### Remaining a leading provider of education programs in entrepreneurship

Throughout 2015 the GCA Board and UBSS Management first recognised and then proceeded to harness the entrepreneurial leadership and energy of its founder and CEO **Alan Manly**. His experience encourages UBSS staff to operate in an environment that appreciates and rewards innovation that understands the nature and magnitude of the challenges facing those who seek to be innovative, and that supports new and better ways of providing education and training support to prospective entrepreneurs.

This focus on entrepreneurship in all education programs was formalised as a directive from the GCA Board in July 2015. Following this directive, all programs were evaluated to include entrepreneurship with Program Director reports submitted to the Academic Board in July 2015 and reviewed by the Course Advisory Committee in August 2015. These actions led to the inclusion of subjects with a strong entrepreneurial focus being offered to MBA students in the Summer Semester 2015. In more recent times (2016-2017) a full stream has been provided to postgraduate students –

#### Entrepreneur Stream Subjects (8)

Subject Code	Subject Name	Credit Points
MCR005	Clients and Markets	5
MCR010	Innovation and Commercialisation	5
MCR011	Strategic Business Simulation	5
MCR012	Entrepreneurship Research Report	5
MHR001	Managing Workplace Relations	5
MHR002	Leading Innovation and Change	5
MKT001	Brand Development	5
MKT002	Marketing New Products	5

The second phase was to review subjects in other programs and identify those where an entrepreneurial component could be properly incorporated. This has also been achieved in the Bachelor of Business Program –

**Year 3**

Subject Code	Subject Name	Credit Points
<b>BHR103</b>	Strategic Management	3
<b>BHR331</b>	Team Leadership & Change Management	3
<b>BBM361</b>	International Business Management	3
<b>BBM331</b>	e-Business Management	3
<b>BBE351</b>	Ethics & Social Responsibility	3
<b>BAC61</b>	Capstone Project	3
<b>BBM310</b>	Innovation and Entrepreneurship	3
<b>BBM311</b>	Corporate Entrepreneurship, Leadership and Sustainability	3

The UBSS Strategic Plan 2017-2020 builds on these foundation initiatives from 2015.

The responsibility of ensuring the selection, hiring and development of the UBSS Professional Staff as well as the Academic Staff lies with the **Executive Dean**. The Executive Dean involves the Program Directors in the process of academic staff employment.

## Quality of Programs

### Continuously improving the quality of its programs

Academic Quality Assurance underpins the Threshold Standards and the Provider Registration Standards.

Achieving its second strategic objective of continuously improving the quality of its three academic programs will require the employment, monitoring and development of all staff – academic and professional. The staff will work in tandem. UBSS has set two KPIs in relation to the quality of staff that will, in turn, impact on the quality of programs.

The first is the number of **full time staff**.

An extract from the UBSS Strategic Plan 2017-2020 provides the necessary targets –

Measures						
	2015	2016	2017	2018	2019	2020
Full time staff (%)	10	25	25	25	27	29
AQF+1% or equivalent	40	100	100	100	100	100
Progression Rate (%)	57.9	86.9	75	75	75	75
Attrition Rate (%)	41.5	13.1	25	25	25	25
Completion Rate (%)	50	69	70	73	76	79
Student Satisfaction	4.2	4.3	4.2	4.2	4.2	4.2
Staff Satisfaction	3.5	4.3	4.4	4.2	4.2	4.2
Student Staff Ratio	32.4	34	30	30	30	30
SES (QILT) Aggregate	NA	NA	76.9	77.0	78.0	80

The second is improving the **level of qualification**.

The AQF standards set the guideline for level of qualification for the teaching delivery of the program to be at the AQF Level +1 or have the same AQF level with relevant or highly specialised subject matter and teaching experience (AQF+1 equivalence) –

In June 2017, the 'Academic Staff Qualifications and Equivalence Policy V1.0' was written and introduced by UBSS (UBSS Academic Policy V11.1, Section 3.25, Page 69-75, <http://www.ubss.edu.au/Uploads/Resources/Policies%20and%20Procedures%20Master%20V11.1%20updated%20by%20JW.pdf>) . This was in recognition that many Entrepreneurs have cognate experience that is highly valuable to students. The policy clearly sets out the definitions and procedure for recognising relevant cognate experience for lecturers to deliver within the UBSS programs.

#### Measures

	2015	2016	2017	2018	2019	2020
Full time staff (%)	10	25	25	25	27	29
AQF+1% or equivalent	40	100	100	100	100	100
Progression Rate (%)	57.9	86.9	75	75	75	75
Attrition Rate (%)	41.5	13.1	25	25	25	25
Completion Rate (%)	50	69	70	73	76	79
Student Satisfaction	4.2	4.3	4.2	4.2	4.2	4.2
Staff Satisfaction	3.5	4.3	4.4	4.2	4.2	4.2
Student Staff Ratio	32.4	34	30	30	30	30
SES (QILT) Aggregate	NA	NA	76.9	77.0	78.0	80

## Range of Academic Programs

### Widening the range of academic programs

In response to the opportunities in the education market as identified by the GCA Board, GCA executives, the GCA Marketing Department and Agent network, UBSS is exploring the adoption of two new programs over the period of the current Strategic Plan (2017-2020) –

Measures						
	2015	2016	2017	2018	2019	2020
<b>Programs</b>	3	3	4	4	4	5
<b>Locations</b>	1	1	2	2	3	4
<b>Students</b>	488	1075	1197	1300	1400	1500
<b>Income (\$m)</b>	5.6	9.9	11.1	11.7	12.5	14
<b>Profit (\$m)</b>	0.76	3.75	3.3	3.5	3.7	4.2

Currently (2017) UBSS offers four programs a Bachelor of Accounting, A Bachelor of Business, a Master of Business Administration and a Graduate Certificate in Business Administration (Blended).

The intention is to offer a Foundation Studies Program that requires TEQSA approval.

## Workplace Integrated Learning

UBSS will continue previous successful WIL initiatives in all programs. Details of the WIL definitions and implementation are set out in the Teaching and Learning Plan 2017-2020. Workforce planning and resource allocation for WIL is the responsibility of the Executive Dean supported by the Director of the CFE. Following are the continuing and new WIL programs, focusing on entrepreneurship and ensuring career transition and pathways.

Classification of WIL	Description
<b>1. Industry case study</b>	Drawing on the expertise of the Centre for Entrepreneurship (CFE) Fellows, the academic leadership of UBSS staff and representative bodies, UBSS will develop and publish Entrepreneur Case Studies to be used within class in all UBSS programs. This will be in the form of short written case studies, video interviews, questions and answers. Cases will remain the intellectual property of UBSS with ISBN and ISSN registration.
<b>2. Industry simulation</b>	Continued use of Business Simulation Game (BSG) in the Capstone subject for Bachelor of Business and Masters of Business Administration, entrepreneur stream. Wider use of appropriate simulation games in entrepreneur games to build a dynamic experiential learning environment for entrepreneurship.
<b>3. Industry practitioner delivery</b>	Continued delivery of presentations from Fellows of the CFE. Widening of presentations to include from UBSS Industry Partners. Industry Practitioner Delivery by identifying a series of successful and articulate business persons and arranging for them to give lectures in one of the key entrepreneurship subjects
<b>4. Industry study tour</b>	Current field trips to Reserve Bank of Australia, The Mint, Australian Stock Exchange and Australian Institute of Management. Broader use of field trips and industry study tours throughout all programs. Integration of learning from industry study tours by addressing learning outcomes, content, assessment and graduate attribute development.
<b>5. Industry competition</b>	Current industry competition using BSG. A widening of range of partners using BSG both nationally and internationally.
<b>6. Industry mentoring</b>	Future use of CFE Fellows and Industry Partners to mentor business projects.
<b>7. Industry project</b>	Future use of industry project provided by Industry Partners within entrepreneurship subjects at Bachelor Business and MBA level.

## Geographical coverage

### Widening geographical coverage

The two strategic objectives that need to be addressed in the Workforce Plan in relation to geographic coverage are:

From 2017+ a diversification of international students by source country will become evident and will be encouraged –

Measures						
	2015	2016	2017	2018	2019	2020
<b>Domestic</b>	0	12	12	25	50	75
<b>International</b>	488	1063	1185	1275	1350	1425
<b>Nationalities</b>	10	33	34	35	36	37
<b>Countries with 10 +</b>	5	8	9	10	11	12
<b>Undergraduate</b>	488	763	790	830	910	1000
<b>Postgraduate</b>	0	300	407	470	490	500

This first strategic objective requires the selection and development of staff with experience and skills in managing international students in particular. This requires a range of skills and experience that has impact on student performance, student satisfaction and the quality in the delivery of subjects and the student services experience. These elements will be measured on an ongoing basis. As part of the staff selection process, then, UBSS has included as one of the criteria experience with international students and a displayed capability of dealing with and managing international students.

From 2017+ the establishment of satellite campuses –

**Measures**

	2015	2016	2017	2018	2019	2020
<b>Programs</b>	3	3	4	4	4	5
<b>Locations</b>	1	1	2	2	3	4
<b>Students</b>	488	1075	1197	1300	1400	1500
<b>Income (\$m)</b>	5.6	9.9	11.1	11.7	12.5	14
<b>Profit (\$m)</b>	0.76	3.75	3.3	3.5	3.7	4.2

This second strategic objective requires an increase in the administrative and academic staff available for the satellite campuses. The staffing resources, availability and capabilities required will be completed as part of the feasibility studies as the projects occur.

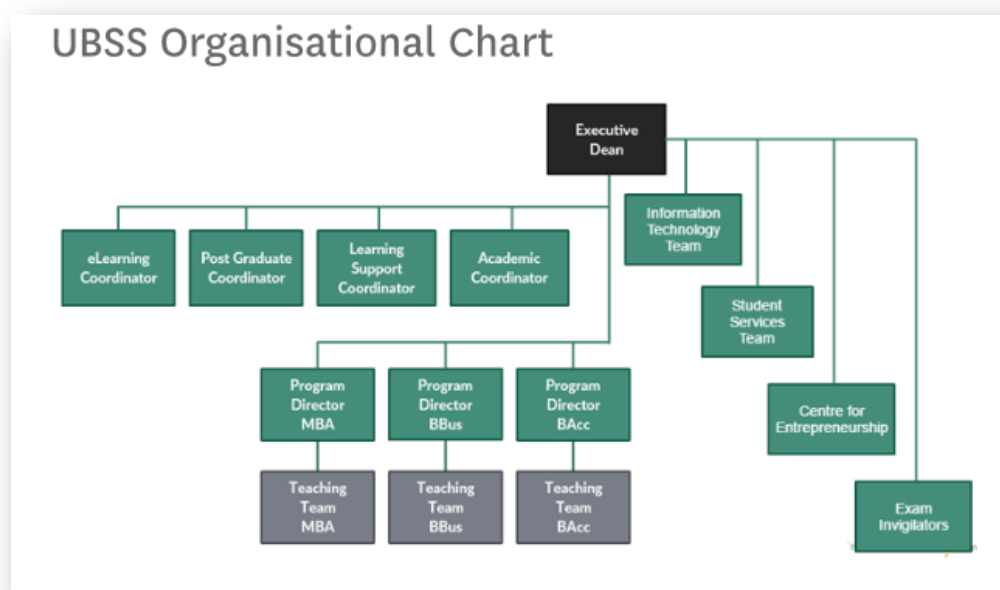

## Organisational Structure

UBSS recognises that the delivery of quality teaching and learning requires a well-designed organisational structure, with clearly defined roles and responsibilities. In late 2015 changes were made to the organisational structure so as to increase capability at senior management levels. In 2016+ further structural changes were made to ensure sustainability.

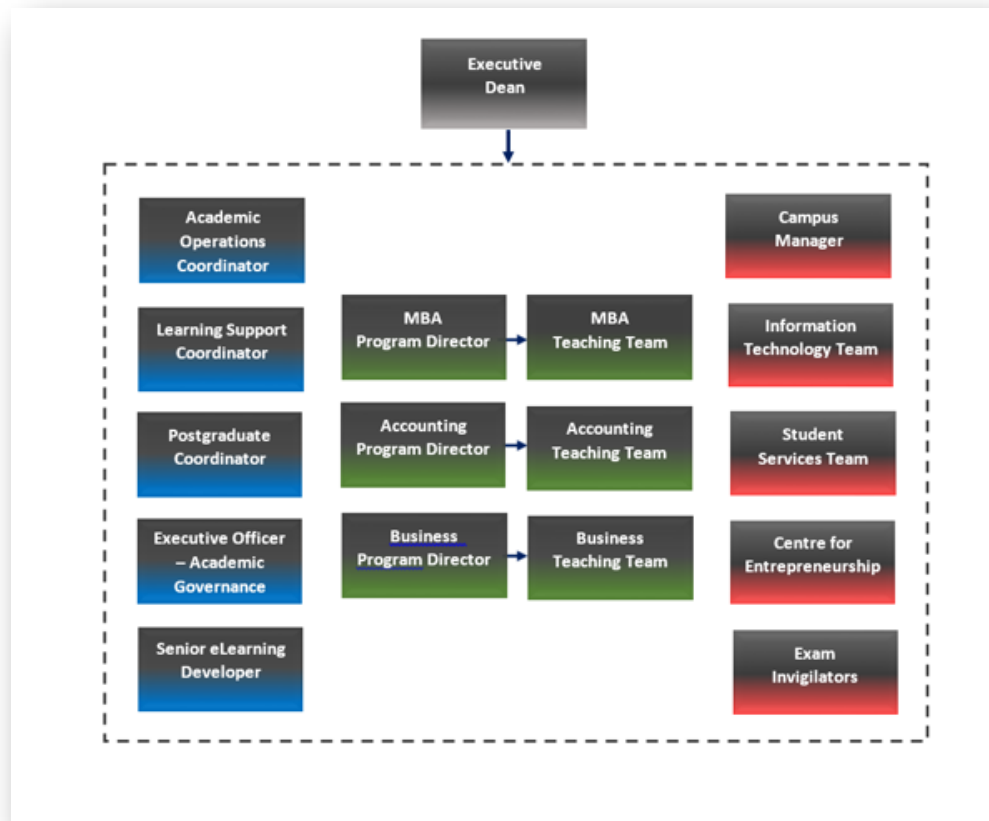

To oversee good governance, implementation and review of quality teaching and learning the position of **Executive Dean** was established (from 2016) and the associated responsibilities were spelt out in a Position Description.

At the commencement of 2016 (April) **Professor Greg Whateley** assumed the role of Executive Dean. The organisational structure then became –

A more recent refinement of the Organisational Chart was established in November 2017 –

Position descriptions for all staff have been refreshed (2016 and most recently September, 2017) to ensure that they match incumbent activities.

The position of *Director, Centre for Entrepreneurship* (January 2017) operates through a set of agreed upon KPIs in place of a position description. The incumbent reports against the KPIs on a monthly basis.

## Staff recruitment

The quality and number of staff available to teach specialised subjects was identified as a quality-of-teaching issue in early 2015 and remains a key element in our decision making. To broaden the pool of available teaching staff, UBSS utilises 'Expression of Interest' opportunities provided by Seek.com

This continues to result in a number of high calibre teachers being identified. The turnover of UBSS staff is low – but the growth element experienced in 2016 and 2017 has resulted in the need to employ new staff.

Program Directors are charged with sourcing and employing suitably qualified and experienced teaching staff.

## Staff motivation

The payment structure used by UBSS has reflected mainly the bargaining power, not the contribution, of the teaching staff. The December 2015 meeting of the **Academic Senate** (then Academic Board) requested the **Dean** develop a proposal for a remuneration structure that would take into account academic qualifications, relevant experience and formal assessments of teaching performance. The proposed structure was approved by the February 2016 meetings of the Academic Senate and the GCA Board, and has been used when preparing teaching arrangements post S1, 2016. The role of individual bargaining power was reduced and parity has been ensured. UBSS payments are generous.

## Performance monitoring

The major contributor to student satisfaction is the quality of teaching. UBSS has procedures in place for assessing teaching performance through the end-of-semester student satisfaction surveys –

### Trimester 2, 2017

Marking Criteria				
1	2	3	4	5
strongly disagree	disagree	neutral	agree	strongly agree

Survey Questions		B Bus	B Ace	MBA
Q1	The subject provided useful knowledge and skills	4.4	4.3	4.2
Q2	The learning outcomes were achievable	4.3	4.3	4.2
Q3	The subject workload was manageable	4.2	4.2	4.1
Q4	The subject helped to develop relevant professional skills such as problem solving and critical thinking	4.3	4.2	4.1
Q5	The lecturer was well prepared for each class	4.4	4.3	4.3
Q6	The lecturer provided useful feedback	4.3	4.3	4.2
Q7	The lecturer had a good knowledge of the subject matter	4.4	4.4	4.4
Q8	The lecturer used e-learning resources eg smartboard moodle in a way that aided learning in the subject	4.3	4.3	4.3
Q9	The lecturer was available to discuss learning problems outside of class time	4.3	4.2	4.1
Q10	The assessment requirements were clearly explained	4.3	4.3	4.2
Q11	Overall the teaching in the subject was of a high quality	4.3	4.3	4.2
Average		4.3	4.3	4.2

### Trimester 1, 2017

Marking Criteria				
1	2	3	4	5

Since 2016 detailed records have been kept around SFUs with the ability to see behind the overviews down to the level of individual subjects. This data is used for feedback and discussion at staff and Program Director level.

Program Directors review all teaching staff on an annual basis *either* through classroom observation or a F2F 1:1 conference using either of the review formats available –

Private MBA Business School	
<b>Name of Subject</b>	Managerial Finance
<b>Subject Code</b>	MCR006
<b>Lecturer Name</b>	Dr Nilima PAUL
<b>Year/ Semester</b>	Summer-school 2016
<b>Review Date</b>	November 23
<b>Supervisor Name</b>	Professor Greg Whateley
<b>1. Review of Teaching quality and delivery</b>	
Provide comments for the following criteria	
<p>1. Quality of Instructions (e.g., the ability to explain difficult concepts, session outlines, whether teaching is line with learning objectives)</p> <p>Excellent teaching manner and style – energetic, informed, enthusiastic and expertly controlled – I have witnessed a Master teacher at work! Really competent and <i>great</i> teaching of a very technical and detailed subject.</p>	
<p>2. Student engagement during class</p> <p>Excellent engagement with students throughout the session – very effective techniques in place – in the short period of observation every student had contributed – brilliant! Lots of affirmation from students on content and understanding – especially the more difficult concepts.</p>	
<p>3. The use of technology and teaching aids in class</p> <p>Technology nicely incorporated into teaching – mix of spreadsheets and power-points worked well.</p>	
<p>4. Class control</p> <p>Excellent</p> <p>My observation – I would love to be a student in Professor Paul's class</p>

<b>Areas</b>	<b>Expected Outcomes</b>
1. Assessments and Administration	<ol style="list-style-type: none"> <li>1. Assessments and associated model solutions designed and sent to PD</li> <li>2. Marking for all assessments completed before deadline</li> <li>3. Self-moderation of borderline results for all assessments performed and anomalies explained</li> <li>4. Final exam marks hidden in Moodle</li> <li>5. All marks transferred to MyGCA Markbook before deadline</li> <li>6. Available during the assessment, and final and supplementary exam period</li> <li>7. Mark disputes for all assessments resolved and/or escalated to PD</li> <li>8. Documentation of discussion with students about critical issues (e.g., mark disputes) kept if necessary</li> <li>9. Moderation of assessments participated when requested by providing necessary information, and any resulting issues are proactively resolved.</li> </ol>
2. Teaching and student performance management	<ol style="list-style-type: none"> <li>1. All necessary teaching materials (including slides, take home questions, solutions and subject outlines) uploaded onto Moodle in a timely manner.</li> <li>2. Appropriate communications and announcements made on Moodle, e.g. changes to subject outline, in a timely manner</li> <li>3. Student performance monitored and students at risk identified and reported as early as possible</li> <li>4. Intervention strategies considered for and communicated to non-performing students</li> </ol>

The **Executive Dean** acknowledges outstanding teaching performance by a teacher by means of the Executive Dean Award – presented for excellence at the end of each trimester (a certificate and \$1,000). At the end of T2, 2017 four awards were presented – given the high standard of teaching.

## Staff Retention

Retaining **academic staff** has been quite successful and it is likely to continue accordingly. As part of that strategy a trimester based staff survey is provided to assist with understanding staff satisfaction levels. The last four surveys indicate high levels of staff satisfaction -

Survey Questions		T2 2016	T3 2016	T1 2017	T2 2017
Q1	You are provided with the tools and resources to do your job well	4.1	4.0	4.9	4.6
Q2	Your job requirements are clearly communicated and goals and strategies are clearly defined	4.2	4.4	4.8	4.7
Q3	You feel encouraged to come up with new and better ways of doing things	4.1	4.2	4.7	4.5
Q4	Your supervisor visibly demonstrates a commitment to quality	4.1	4.2	4.9	4.8
Q5	You are satisfied with the level of involvement in decisions that directly affect your work?	3.9	4.2	4.5	4.4
Q6	UBSS does a good job of keeping employees informed about matters affecting your work?	4.0	4.3	4.9	4.8
Q7	Overall, you are satisfied with your job?	4.2	4.5	4.9	4.8
Average		4.1	4.3	4.8	4.7

A problem experienced in recent years (2014-2015) has been very high turnover of **professional staff**. The rate of turnover in the full time staff (support and academic) for the period 2014 to 2015 was 110% over this 2 year period. This has resulted in loss of institutional knowledge, failure to develop and sustain an organisational culture of continuous improvement, and administrative mistakes as new and untrained staff try to implement under varying degrees of pressure policies and procedures of which they have limited knowledge and experience.

The new **Executive Dean** (circa April 2016) has addressed the issue with a high level of stability in this domain. This has resulted in 0% turnover for the period May 2016 to September 2017. This is supported by workplace practices implemented which include, but are not limited to:

- Annual review of all staff (completed September 2016)
- 360 degree feedback review for all staff
- Input from staff in the adjusted position descriptions
- Clear promotional pathways designed and communicated to staff

This has been achieved by *a careful selection process, experienced leadership and supervision, ongoing encouragement* to create innovative solutions, clear and adjustable position descriptions and a strong *sense of being part of* a successful plan.

## Workforce Key Performance Indicators

Workforce indicators are embedded in the UBSS Strategic Plan 2017-2020 and are expressed in the form of KPIs that are measured on a daily, weekly, monthly, quarterly and annual basis

—

Measures						
	2015	2016	2017	2018	2019	2020
Full time staff (%)	10	25	25	25	27	29
AQF+1% or equivalent	40	100	100	100	100	100
Progression Rate (%)	57.9	86.9	75	75	75	75
Attrition Rate (%)	41.5	13.1	25	25	25	25
Completion Rate (%)	50	69	70	73	76	79
Student Satisfaction	4.2	4.3	4.2	4.2	4.2	4.2
Staff Satisfaction	3.5	4.3	4.4	4.2	4.2	4.2
Student Staff Ratio	32.4	34	30	30	30	30
SES (QILT) Aggregate	NA	NA	76.9	77.0	78.0	80

One of the indicators is the staff to student ratio (SSR). This has varied over a number of years at UBSS (2010+) –

3															
4	Student Staff	NA	NA	47.97	41.46	30.24	32.4	33	30	32.85	36.15	38.62	30	30	30
5	Ratio														
6															

The target for 2017+ is 30:1. The instrument used is 'blunt' in that it does not acknowledge the role of professional staff yet acknowledges research staff in the equation. UBSS will work with the issue by encouraging professional staff to teach and cap classes as required.

To monitor the performance of the Workforce Plan, these KPIs are calculated on an ongoing basis and reported to all stakeholders. The key group associated with workforce management is the *Program Directors' Team (PDT)* that is chaired by the **Executive Dean** and meets weekly.

## Staff Growth and Succession Planning

### Staff growth:

Any growth in academic staff FTE or professional staff will be based on enrolment and load targets being met in the above sections, with being consideration given to the program in growth. Additional staff will be recruited as needed. This is overseen by the **Executive Dean**.

### Staff succession planning

The **Executive Dean** is responsible for both academic and professional appointments. Program Directors take the lead on academic appointments. All appointments are based on merit and undertaken with consideration to both operational needs and budget capability.

Scholarship at UBSS Captured

## FOREWORD

*Scholarship* at UBSS is taken very seriously.

The attached commentary and profiles evidence that staff at UBSS are scholarship active and that the notion of scholarship within a teaching and learning focused organisation is understood and encouraged.

Part one of this book provides an historical context for the development of this understanding and the contextualising of scholarly activity appropriate for the Sector and of course the institution. The pioneering work of Boyer (1990) is used as the basis for development of a customised UBSS approach to scholarship harvesting.

Part two provides the evidence of individual efforts to stay current, contribute to industry and ensure personal and professional development takes place. This publication needs to be read in the context of the Professional Development Policy which is a benchmarked and appropriate approach to Professional Development and Scholarship.

I recommend this publication to you.

**Professor Greg Whateley**

Executive Dean, UBSS and Provost, Sydney CBD Campus

Scholarship at UBSS Captured

## CAPTURING SCHOLARSHIP AT UBSS

### PART A

The primary 2011 Threshold Standard that was initially questioned was **PCS 1.4** –

*PCS 1.4: The higher education provider's academic staff are active in scholarship that informs their teaching, and are active in research when engaged in research student supervision.*

Further, the 2015 Standards that are primarily concerned with scholarship and are most relevant to the next iteration of registration are, in *Part A* (Standards for Higher Education):

- 3.1.2 (scholarship informs course design; the content and learning activities of a course of study engage with advanced knowledge and inquiry)
- 3.2.3 (teaching staff maintain knowledge of their field of teaching through continuing scholarship; teaching and assessment principles are contemporary and relevant to the discipline)
- 4.2.2 (scholarship characterises the environment of research training)

and

*Part B* (Criteria for Higher Education Providers):

- Part B1 (scholarship that informs teaching is an essential characteristic of higher education providers, as is engagement with advanced knowledge and inquiry)

The Pratt Report (August 2017) commissioned by TEQSA identified a number of deficiencies which were basically significant allegations without proper factual foundation and these principally included allegations of –

- UBSS interpretation of model (Boyer) not general interpretation;
- Absence of scholarship in CVs;
- According to resumes substantial number of staff were not engaged in scholarship;
- Newly introduced scholarship profiles only one year coverage - more scholarship evidence is required;
- Professional Development Policy encourages a culture of scholarship – but only recently;
- Occasional Papers was discontinued.

Professor Pratt (August 2017) did conclude that the use of the BOYER model *is appropriate*.

### Scholarship at UBSS Captured

In the spirit of co-operation, GCA offered to complete a triangulated review of the current Scholarship farming tools (data collection process) that would compare the tool with a number of NUHEPs (including TEQSA itself) and provide suggestions for improvement, if required. The key issues raised by Professor Pratt (without accepting the veracity of his assertions) could be addressed with the following steps and within the proposed timeline –

Steps	Tasks	Responsibility	Timing
A	Seek support from a current benchmarking consortium to focus on scholarship data collection	Executive Dean	1 Oct, 2017
B	Consider findings of project	Executive Dean	30 Nov , 2017
C	Present findings to Academic Senate and seek direction	Chair of Academic Senate	14 Dec, 2017

This proposal was put to TEQSA and the AAT in an open letter but was rejected by TEQSA and so a hearing took place, albeit part-heard. As the AAT proceedings were adjourned for the expert determination process, there was no cross-examination of Professor Pratt on this issue.

The current /UBSS stance is –

- The Boyer Model of Scholarship is a useful tool and guides UBSS on matters of scholarship. The model acknowledges *teaching and learning organisations* in particular;
- The absence of scholarship evidence in CVs was addressed by the Executive Dean in 2016 (circa April 2016) with the insistence on a Scholarship Profile (in addition to a current CV) for each staff member from that point forward. This was further refined for the 2017 data gathering which provided an even tighter and appropriate focus. The 2018 data collection (provided) satisfies Conditions 7a and 7b (for May 2019) of the current registration period.
- **Professor Whateley** (Executive Dean and Provost), too, has considerable expertise in this area and defends the right to be innovative around the Boyer model (therefore rejecting the Pratt contention). Given that Glassick, Huber and Maeroff (1997) adapted the model; Bron, Cohen, Kaeser, Leane, Littleton, Otto and Rickman (1999) adapted the model; Campbell (1991) adapted the model; Stull (1995) adapted the model; Francis and Taylor (2002) adapted the model; so it seems an inappropriate criticism from TEQSA (Pratt – August 2017) and again Pritchard and Gordon for TEQSA (November 2017) that Whateley (2016) is *not* permitted to do so.

## Scholarship at UBSS Captured

- Scholarship (and Professional Development) were discussed in detail in GCA's July 2017 documentation – Package #13 'Scholarship at UBSS' (pp1-14), Package #12 'Professional Development at UBSS' (pp1-26), and in Professor Whateley's August 2017 Statement at paragraphs 100-108. The matter, raised again by Pritchard and Gordon for TEQSA (November 2017), required a further response from Whateley (December 2017).
- The current UBSS *Professional Development Policy* –

<https://www.ubss.edu.au/media/1294/professional-development-policy.pdf>

is comprehensive and 'fit for purpose'. It was developed to ensure the necessary focus on professional development (and scholarship) is supported and that a culture of scholarship, as such, is encouraged.

To provide TEQSA with a level of comfort and further evidence of compliance it was proposed that an existing six way benchmarking project be redirected to explore how scholarship is best measured and encouraged. This exercise outcome was presented at the 8 December GCA 2017 *Board of Directors* meeting and the *UBSS Academic Senate* on 14 December 2017. The proposed data collection for UBSS was endorsed -

15. Refreshed Documents (Professor Greg Whateley) – Attachments #16.1, #16.2, #16.3a and 16.3b, #16.4, #16.5, #16.6
  - 15.1 Benchmarking
  - 15.2 Moderation of Assessment
  - 15.3 Collection of Data
  - 15.4 Course Review
  - 15.5 Human Resource Management
  - 15.6 Scholarship

**Issue** Agenda Item #16 - Refreshed Documents - 12:28pm

**Consideration**

GW spoke about the task of refreshing a range of documents including Benchmarking, Moderation of Assessment, Collection of Data, Course Review, Human Resource Management and Scholarship.

All papers have been satisfactorily completed and GW advised that these will be presented at the next Academic Senate meeting for consideration.

Board members commended the documents.

**Resolution**

The update was moved by PN and seconded by AM. The update was accepted without dissent

**Action**

Documents to be presented to the next Academic Senate meeting of December 14, 2017

*Extract from December 7, 2017 GCA Board of Directors' Meeting Minutes.*

<b>Consideration</b>	<p>GW provided an overview and context for the review</p> <p>GW presented the paper to the Senate</p> <p>GW pointed out that we are well placed when compared with other like institutions</p> <p>GW briefed on some changes and added points which were highlighted in the document.</p> <p>RW agreed that the approach was appropriate</p> <p>DL indicated the process and comparisons were good</p> <p>AW agreed that these changes and recommendations were all good and appropriate</p> <p>RH agreed</p> <p>CE agreed</p> <p>CJ agreed</p>
<b>Resolution</b>	<p>It was recommended that the Report and the approach to scholarship harvesting be accepted. Moved by RW, seconded by CE – <i>accepted without dissent</i></p>
<b>Action</b>	The Executive Dean to activate the process of collection and publish the paper on the UBSS website.]

*Extract from the December 14, 2017 UBSS Academic Senate Meeting Minutes.*

Whateley (2016) explored the Boyer thinking around scholarship –

Scholarship is one of many TEQSA quality standards which higher education providers are required to demonstrate in order to maintain registration. Essentially, scholarship refers to knowledge acquired by study (and reflection). However, in the context of the TEQSA quality standards, scholarship refers to the application of knowledge acquired by study to all operations of a higher education institution in order to improve and sustain the quality provision of education.

Scholarship involves continuously improving the provision of education (and the operations under-pinning that provision) by applying knowledge *to bring about improvement/s*.

Scholarship at UBSS, then, requires the ongoing pursuit of knowledge acquired by study (and research) to sustain and improve the provision of education to local, national and international best practice. In short, scholarship refers to the advancement of knowledge in teaching, learning and academic disciplines.

## Scholarship at UBSS Captured

Attempts to measure 'scholarship' are fraught with pitfalls. The ERA projects and recent events at some Australian Universities, for example, highlight the difficulties in trying to measure 'research' in research-intensive universities, let alone 'scholarship' in teaching-intensive higher education providers.

**Ernest Boyer** (1990) provided the proposition that "we must move beyond the tired old 'teaching versus research' debate and give the familiar and honorable term 'scholarship' a broader and more capacious meaning." Specifically, he (Boyer) proposed that scholarship should have four separate yet overlapping meanings: the scholarship of discovery, the scholarship of integration, the scholarship of application, and the scholarship of teaching.

Boyer, E (1990). *Scholarship Reconsidered: Priorities of the Professoriate*. Princeton, NJ: Carnegie Foundation for the Advancement of Teaching.

This aspect of the Boyer model is recognized by TEQSA and used in the TEQSA Guidance Notes for scholarship.

## Scholarship at UBSS Captured

**BOYER MODEL OF SCHOLARSHIP**

The approach suggested by Boyer (1990) to scholarship has become a benchmark for those institutions which plan to be *teaching-intensive higher education providers in which scholarly activity informs teaching*. Boyer [see table below] proposed an expanded definition of 'scholarship' within teaching based on four functions that underlie the quality teaching – Discovery, Integration, Application and Teaching.

Type of Scholarship	Purpose	Examples of Measures of Performance
Discovery	Build new knowledge through traditional research.	<ul style="list-style-type: none"> <li>Publishing in peer-reviewed forums</li> <li>Producing a creative work within established field</li> <li>Performing a creative work to a public audience</li> <li>Exhibiting at a Museum or Exposition</li> <li>Creating infrastructure for future studies</li> </ul>
Integration	Interpret the use of knowledge across disciplines.	<ul style="list-style-type: none"> <li>Preparing a comprehensive literature review</li> <li>Writing a textbook or study guide</li> <li>Collaborating with colleagues to design and deliver a core course</li> </ul>
Application	Aid society and professions in addressing problems.	<ul style="list-style-type: none"> <li>Serving industry or government as an external consultant</li> <li>Assuming leadership roles in professional organizations</li> <li>Advising student leaders, thereby fostering their professional growth</li> <li>Delivering a technical report, study, presentation, pamphlet, survey, building a prototype, developing a methodology or protocol, a significant speech</li> </ul>
Teaching	Study teaching models and practices to achieve optimal learning.	<ul style="list-style-type: none"> <li>Advancing learning theory through classroom research</li> <li>Developing and testing instructional materials or new teaching methods</li> <li>Developing support materials, running a wiki or blog</li> <li>Mentoring postgraduate students</li> <li>Designing and implementing an assessment system</li> <li>A funded teaching or training initiative</li> <li>Contribution to accreditation or quality systems and documentation</li> </ul>

With these distinctions (or thinking) in mind, one can see a model for the appraisal of **the scholarship of teaching** which can be negotiated by a higher education teacher with his/her line manager and monitored by his/her mentor in the context of the meaning in practice of the mission of the institution in line with matters such as the *Strategic Plan* - <https://www.ubss.edu.au/media/1176/ubss-strategic-plan.pdf>; *Teaching and Learning Plan* - <https://www.ubss.edu.au/media/1183/teaching-and-learning-plan-2017-2020.pdf>; and *Workforce Plan* - <https://www.ubss.edu.au/media/1182/work-force-plan-2017-2020.pdf>

TEQSA *states* that it recognises diversity and the need to support innovation in the higher education sector. Consequently, TEQSA acknowledges that scholarship is **practiced differently** and is different in nature and form across different providers. The importance of scholarship to effective teaching and learning is widely agreed and a range of strategies have been identified in the literature and in evidence presented to TEQSA to develop, support and sustain scholarship both at an institutional level and at the individual staff level – both vital.

Ironically the TEQSA tool (below) for measuring scholarship currently only provides for a single element, which does not even follow TEQSA's own Scholarship Guidelines –

Scholarship at UBSS Captured

Australian Government  
Tertiary Education Quality and Standards Agency

Aggregated list of scholarly and research output - **Name**

Author(s)		Year of publication	Title of publication	Journal/volume/proceedings	Type of publication (1)	Peer-reviewed/reviewed	Research classification (research/scholarship)	Broad Field of Education
Surname	Initial							

Copy and complete as many additional tables as required.  
(1) Journal, conference proceedings, etc.

Clearly deficient – a better means of gathering relevant data is required, hence the consideration of other capture designs.

**SCHOLARLY ACTIVITIES**

There are various aspects to scholarship, but at its core is **the maintenance of knowledge of current developments** in the discipline, and **transmission of this knowledge** through effective, contemporary approaches to teaching and learning.

At an individual level, scholarly activities include –

- **professional practice** such as: membership of discipline journal editorial boards and/or professional societies/associations; consultancy work; involvement in academic societies, peer review processes and/or communities of practice; presentation of conference papers; chairing forums at relevant conferences.

Activity	Alignment with Boyer
Positions Held	Application
Memberships	Application
Conferences and Symposia	Discovery
Articles and Papers	Discovery

- conducting **original research** in the relevant discipline/s or in teaching and learning practice.

Activity	Alignment with Boyer
Conferences and Symposia	Discovery
Articles and Papers	Discovery
Self-Education	Integration
Teaching at other like institutions	Teaching
Formal Courses	Integration

## Scholarship at UBSS Captured

- involvement in **curriculum development and review** processes

Activity	Alignment with Boyer
Conferences and Symposia	Discovery
Articles and Papers	Discovery
Self-Education	Integration
Teaching at other like institutions	Teaching
Formal Courses	Integration

- conducting/presenting **staff professional development workshops** to support the advancement of knowledge and disseminate new practice-based and theoretical knowledge to colleagues and others

Activity	Alignment with Boyer
Self-Education	Integration
Teaching at other like institutions	Teaching
Formal Courses	Integration
Other	Integration

- engaging with **external communities** such as through the provision of academic services.

Activity	Alignment with Boyer
Positions Held	Application
Memberships	Application
Teaching at other like institutions	Teaching
Other	Integration

## Scholarship at UBSS Captured

- undertaking **secondments that facilitate scholarship** such as academic management/ leadership positions

Activity	Alignment with Boyer
Self-Education	Integration
Teaching at other like institutions	Teaching

- undertaking **higher level qualifications**.

Activity	Alignment with Boyer
Formal Courses	Integration

- Scholarship also manifests in **scholarly teaching**, which lies at the core of higher education, encompassing both aspects of scholarship - the maintenance of knowledge of current developments in the discipline, and transmission of this knowledge.

Activity	Alignment with Boyer
Positions Held	Application
Conferences and Symposia	Discovery
Articles and Papers	Discovery
Self-Education	Integration
Teaching at other like institutions	Teaching
Formal Courses	Integration
Other	Integration

## Scholarship at UBSS Captured

At an individual level, demonstrating scholarly teaching includes -

- Being familiar with **the latest ideas, debates and issues** relating to the subject being taught, for example by reading relevant journals and publications on a regular basis, using this knowledge to shape teaching practice being informed by current ideas for teaching the subject/discipline, such as improved pedagogies, learning processes, curricula, academic policies and learning materials

Activity	Alignment with Boyer
Memberships	Application
Conferences and Symposia	Discovery
Articles and Papers	Discovery
Self-Education	Integration
Teaching at other like institutions	Teaching
Formal Courses	Integration
Other	Integration

- **evaluating and reflecting on teaching practice and student learning** (for example through peer assessment of teaching; reflecting on student feedback and actively engaging with students about learning outcomes) in order to challenge assumptions and consider alternative and/or different perspectives on teaching practices

Activity	Alignment with Boyer
Positions Held	Application
Conferences and Symposia	Discovery
Articles and Papers	Discovery
Teaching at other like institutions	Teaching
Other	Integration

## Scholarship at UBSS Captured

- stimulating students and **fostering their learning in a variety of ways, to engage with current ideas** in the discipline area

Activity	Alignment with Boyer
Positions Held	Application
Memberships	Application
Conferences and Symposia	Discovery
Articles and Papers	Discovery
Self-Education	Integration
Teaching at other like institutions	Teaching
Formal Courses	Integration
Other	Integration

- exploring, testing, practising and communicating understanding of who the learners are, how they learn and what practices are most effective in the **context of the discipline** (pedagogical content knowledge).

## Scholarship at UBSS Captured

**MIT**

**MIT** (a NUHEP) affiliated with Federation University [www.mit.edu.au](http://www.mit.edu.au) utilizes a comprehensive collecting instrument -

**3. Scholarship of Teaching Folio**

*Please do not be intimidated by this heading. In fact we are all involved in the Scholarship of Teaching when we maintain currency with our units and involve ourselves in the business community.*

*We are asking you to state how you 'demonstrate' that your activity in this area has application to your teaching. For example, if you are an active member of a professional association, attend a professional development day with your discipline related association (eg CPA - update of taxation laws), then you bring back into the classroom such current information but with innovative teaching strategies to support student learning and engagement, then it would qualify as research informed teaching (Scholarship of Teaching).*

*This can be an ongoing activity, for example, successful collaborations evolve over a period of time.*

**3.1 Summary Statement of Approach to Scholarship of Teaching**

--

**3.2 Evidence for Involvement in, and Application of, Scholarship of Teaching**

Year	Involvement and Application

**3.3 Collaborations** *You may be working with a team from another organisation. For example, working with others from an industry association on a professional development program for members.*

Year	Collaborations

**4. Research and Creative Work Folio**

*Once again do not feel intimidated. MIT's understanding of research used was extracted from Boyer's 'Scholarship Reconsidered' (1990) as well as a more recent report by Jenkins and Healey (2005) 'Institutional strategies to link teaching and research'. Both these documents support MIT's Scholarship and Research Plan (2012-2016) which defines research as:*

- *"Basic research- which is of an experimental and theoretical nature undertaken to acquire new knowledge without a specific application in view*
- *Applied research – which is original in nature undertaken to primarily acquire new knowledge with a specific application in view*

### Scholarship at UBSS Captured

and/or

- *Experimental development – systematic work, using existing knowledge gained from research or practical experience that is directed to producing, installing or improving new materials, products or devices”*

*For example, studying for a higher degree (Grad Cert., PhD); writing a textbook; journal articles...*

*This can be an ongoing activity, for example, the impact of your research may take time especially if it is a level A journal which could take 3 years to publish.*

#### 4.1 Summary Statement of Research Area/s

--

#### 4.2 Quality Measures *(This may be based on the quality of the journal [level], audience, acceptance rate of the publication ...)*

Year	Quality Measures

#### 4.3 Impact Measures *(This may refer to number of times it is cited, subsequent discussion/debate, invitation to keynote speaker ...)*

Year	Impact Measures

#### 4.4 Collaborations *You may be part of a research project/grant which has been funded to provide a public report or working on joint authored journal articles.*

Year	Collaborations

### 5. Publications and Presentations Folio *(Do not record beyond 5 years)*

#### 5.1 Refereed Publications including Accepted and In-Press

--	--	--

## Scholarship at UBSS Captured

## 5.2 Non-Refereed Publications including Accepted and In-Press

Publications	Category	Percentage and Type of Contribution
	[A] International Conference	
	[B] National Conference	
	[C] Local Conference	

## 5.3 Presentations

Title of Presentation	Title of Conference/Workshop/Seminar

**6. Service and Engagement Folio** *(Do not record beyond 5 years)*

**6.1 Service to the School/Institute** *(For example, this can include assisting students and peers with advice, marketing, involvement and cooperation with development of processes ...)*

Dates	Description of Role

**6.2 Service to the Discipline/Profession** *(For example, an ambassador for your professional association, contribute to debate of issues pertaining to your profession ...)*

Dates/Type of Service	Description of Role

**6.3 Service to the Community** *(For example, pro bono work for various community groups, committees, SES, schools, charities ...)*

Dates/Type of Service	Description of Role

## Scholarship at UBSS Captured

**6.4 Consultative and Related Outside Work** *(If you are a consultant, private details are not required but an indication as to your external industry involvement would add to your professional profile)*

Description of Project	Hours Committed and Outcome

**7. Professional Development and Other Activities** *(Do not record beyond 5 years)*

*You should include all the professional development activities whether they have been provided by MIT or external providers.*

**7.1 Professional Development Activities**

Year	Description of Activities

**7.2 Other Relevant Activities** *(This is an opportunity for you to add any data that you think relevant but you have not had the opportunity to report)*

Year	Description of Activities

The key elements of the farming are –

- Approach to Scholarship
- Evidence of Involvement in, Application of, Scholarship of Teaching
- Collaborations
- Research and Creative works
- Publications and Presentations
- Service and Engagement
- Professional Development Activities

## Scholarship at UBSS Captured

**Kaplan**

Kaplan (NUHEP) [www.kaplan.edu.au](http://www.kaplan.edu.au) utilizes –

**Scholarship Survey**

All Faculty members are required to maintain an active scholarship agenda. This scholarship agenda should be developed in coordination with the Academic Dean or Academic Head and reflected in the annual Individual Development Plan.

 Appropriate scholarly activities for Faculty include, but are not limited to (See Faculty Handbook):	Description of activity and date activity was completed.
<b>Research</b> activities <ul style="list-style-type: none"> <li>• Employing methodologies appropriate to their subject matter.</li> <li>• Publishing articles related to research within the discipline or profession,</li> <li>• Implementing solutions or approaches to work/academic-related issues,</li> <li>• Serving on thesis/dissertation advisory or examining committees</li> <li>• Scholarship activities involving the critical examination of concepts and theories within academic disciplines.</li> </ul>	
<b>Scholarship</b> activities involving <b>service to the profession</b> .  These may take the form of engagement in and/or leadership roles in professional organizations.	

<b>Scholarship</b> activities involving <b>service to the institution</b> . These may take the form of engagement in and/or leadership roles in Faculty development programs.	
<b>Scholarship</b> related to <b>teaching/learning</b> . This area of scholarship is concerned with posing problems or issues related to teaching or learning, studying the problem or issue, employing appropriate methodologies, applying the results to the improvement of practice, communicating the results, and engaging in peer reviews.  Includes: <ul style="list-style-type: none"> <li>• PATS mentorship scheme</li> <li>• Achievement Matters Standards project</li> <li>• Embedded skills project</li> <li>• Professional development activities that inform teaching and learning</li> <li>• Seminars with staff</li> </ul>	

The key elements of the farming are –

- Research
- Service to the profession
- Service to the Institution
- Scholarship Related to Teaching and Learning

## AIB

AIB (NUHEP) [www.aib.edu.au](http://www.aib.edu.au) utilizes –

Dear Academic Staff

The Higher Education Standards require all academic staff to be scholarly active in the discipline area and in Teaching and Learning relevant to the cohorts taught. Please take a few minutes of your time to answer the following questions as this will enable us to collect and update the academic records and will assist us in developing effective training and professional development resources.

1) First and Last Name

2) Current role and Company Name

3) Employment Period (current role)

4) What academic role do you have at AIB? Please choose all that apply

☐ Online Facilitator (facilitates online classes (MBA))

☐ Writer (develops/writes learning materials and exams)

☐ Marker (marks assessments)

☐ Moderator (moderates marked assessments)

☐ TC facilitator (delivers face to face classes)

If TC facilitator, please enter the name of your Teaching Centre(s)

5) Where do you carry out your academic role?

☐ AIB (online/external)

☐ Teaching Centre/campus outside Australia

6) Are you currently studying towards a relevant higher education award? A relevant higher education award could range from a PhD in Leadership to a Certificate in training and Assessment

☐ Yes

If answered yes above, please provide the name of the award and the institution that you are studying with. For example: PhD in Leadership, Australian Institute of Business

☐ No

7) Do you hold a current permanent academic position at a higher education institution (university or college)?

☐ Yes

If yes, please provide the name of the institution

☐ No

## Scholarship at UBSS Captured

8) Since 1 January 2017, have you taught at other higher education institutions (universities or colleges) in addition to your work for AIB?\*

☐ Yes

If yes, how many other institutions?\*

☐ 1

☐ 2

☐ 3 or more

☐ No

9) Since 1 January 2017, were you involved in any of the following scholarly activities? Please choose all that apply. Leave it blank or unticked if not applicable

Published a paper in an academic journal

☐ Yes

If yes, please provide the reference and publication details:

Presented a research paper at an academic conference

☐ Yes

If yes, please provide the reference and publication details\*:

Supervised a doctoral student

☐ Yes

Please provide details

Examined a doctoral thesis

☐ Yes

Please provide details

Participated in a seminar/workshop/conference about education (or Teaching and Learning)

☐ Yes

Please provide details

## Scholarship at UBSS Captured

Participated in a seminar/workshop/conference related to your discipline

☐ Yes

Please provide details

Studied towards a qualification in Assessment, Online Education, Educational Design or similar

☐ Yes

Please provide details

Participated in curriculum review activities at a higher education provider

☐ Yes

Please provide details

Other educational or Teaching and Learning activity

☐ Yes

Please provide details

10) AIB will be providing resources and ongoing training (related to your role at AIB). Please provide details of the types of resources and ongoing training would you like to have access to\*

Thank You!

The key elements of the farming are –

- Academic Roles
- Participation in Seminars, Workshops and Conferences
- Study Towards a Related Qualification
- Curriculum Review Activities
- Doctoral Supervision or Marking
- Papers in Academic Journals
- Other

## Scholarship at UBSS Captured

**UBSS** (as a consequence of the benchmarking project) has adopted a useful harvesting tool that is Boyer embracing (friendly) and comprehensive at the same time. When compared to the TEQSA tool (the least attractive and comprehensive) and the additional scholarship data collection approaches, the UBSS approach is both appropriate and informative -

**UNIVERSAL  
BUSINESS  
SCHOOL  
SYDNEY**  
 Private MBA Business School

**SCHOLARSHIP PROFILE 2016/2017**

**Name**

Positions Held	
Memberships	
Conferences and Symposia	
Articles and Papers	
Self-Education	
Teaching at other like institutions	
Formal Courses	
Other	

The design is colour coded to provide a clear matching with the Boyer fundamentals. All staff at UBSS are scholarship active. Most NUHEPs appear to harvest annually. UBSS follows the practice of annual collection of scholarship information from its staff, through the distribution of the above template, with a sample completed. UBSS staff are encouraged and reminded to gather their scholarship summary on a regular basis and as completed throughout the year to ensure accuracy.

2016 and 2017 has already been harvested. The 2018 data will be harvested in December 2018 and will satisfy condition 7b.

***The relevant Scholarship Profiles from UBSS (2018) are provided in Part B of this publication.***

## 1 Context

UBSS recognises that professional development is necessary for the continued development of staff skills and delivery of best practice services and teaching at UBSS.

This policy applies to all staff at UBSS.

UBSS also acknowledges that professional development has a mutual gain for both the staff member and UBSS and that professional development is integral to personal job satisfaction, workplace productivity, reward and recognition, and is critical to the achievement of UBSS strategy.

## 2 Scope

### 2.1 Rationale

UBSS aims to build capability, enhance our competitive advantage and create an engaging, challenging and rewarding workplace for all staff.

Professional development is recorded in a Professional Development Register and is reflected in the annual Scholarship Profiles of all staff.

### 2.2 Legislative Context

- The Higher Education Support Act (HESA)
- The Educational Services for Overseas Students Act (ESOS): 2000 The National Code

## 3 Definitions

Item	Definition
<b>Professional Development</b>	Professional Development - includes the provision of development opportunities and activities to extend and broaden the scope of professional capabilities of employees in relation to their role and responsibilities. Professional development processes build on the collective knowledge and experience of employees, and provide staff members with opportunities to acquire, practise and adopt new knowledge, thereby enhancing individual, group and organisational learning and capabilities.

## 4 POLICY STATEMENTS

UBSS is committed to providing employees with -

- The opportunity to plan and develop skills, knowledge and attributes that complement the attainment of UBSS goals;
- The opportunity to participate in career development activities that extend and enhance their capabilities and capacity for advancement within UBSS; and
- Equity of access to professional development opportunities.

UBSS offers a range of staff training and professional development opportunities and activities for all staff on an equitable basis. Some will be informal; others will be formal and structured.

Training and professional development programs will be based on balancing the requirements of both UBSS and the staff member through:

- annual performance discussions;
- attendance at: conferences, seminars, short course (internal or external) or workshops;
- participation in: staff development days, involving internal and external presenters, committees, industry placement/visits, staff meetings to share ideas on particular professional issues or proposed changes;
- involvement in work integrated learning: secondments, job rotation, job exchange, shadowing, on the job training, critical reflection on practice, professional reading, obtaining and acting on feedback from managers/supervisors, clients and /or colleagues, networking, temporary performance of duties in another position;
- formal studies: studies for formal TAFE or higher education programs at undergraduate or postgraduate level; and
- external engagement: Service on external committees or working parties to an industry or professional
- association or involvement in community groups and activities.

Staff development activities can be categorised according to the needs they meet:

- organisational needs such as: inducting new staff, promoting links between staff in different areas, preparing staff for change, training staff for new duties and positions, learning from external experts, legislative requirements, and preparing staff to carry out more complex levels of responsibility;
- occupational needs: skills and knowledge connected with performing the duties of a specific position, maintaining professional expertise in the relevant occupation or discipline, extending professional expertise to encompass new developments in the area, and maintaining current professional registration; and
- individual needs for job satisfaction, skill development and professional career paths.

All UBSS staff are encouraged to participate in professional development activities. Some of these activities may be mandatory in order to meet UBSS, industry, legislative, accreditation, quality assurance and professional codes of practice requirements or to where performance improvement has been identified through a performance management discussion.

The Performance Review Program serves the following purposes in the context of the staff development cycle:

- it provides clear expectations regarding duties and the identification of individual objectives with appropriate feedback to staff on their performance; and
- it informs decisions on requirements for career advancement and performance enhancement training, or
- it encourages participation in other developmental activities on the job.

Professional development/training may be provided during and/or outside work hours.

UBSS shall meet the cost of all approved professional development activities.

#### 4.1 Responsibility

The development of staff is a responsibility shared by individual staff, supervisors, and managers.

Individual - Professional development is a shared responsibility between the supervisor, HR and the individual staff member. Ultimately each individual is responsible for their own professional development and is expected to manage their own personal and professional development, as well as contribute to the development of their colleagues by sharing their expertise. In recognition of the benefits of staff development to themselves, staff members are encouraged to:

- seek opportunities to upgrade the skills and knowledge required in their current position;
- use constructively the performance review process to represent staff development needs and opportunities to the supervisor;
- advise supervisors where specific needs are not being met as well as give feedback on usefulness of staff development programs;

Supervisors/Managers - supervisors and managers are responsible for encouraging, counselling and helping the staff they supervise to identify their learning and career development needs and to help them find and pursue activities to meet those needs.

#### 4.2 Equal Opportunity

All staff are eligible for professional development in some form, and equitable opportunity applies to access and participation by all staff.

#### 4.3 Approval

Upon the submission of an approved request Programs Directors/Managers will enrol the staff member in the appropriate training course and confirm enrolment details with the department manager and staff member.

The staff member's business unit is responsible for any associated travel costs. Where flight/s, travel costs (including Meals) and/or accommodation.

Program Directors/Managers are responsible for:

- managing the annual professional development budget;
- developing the annual professional development calendar; and

- ensuring that all training details are recorded on the individual's professional development record.

## 1 Context

This policy describes UBSS's commitment to supporting continuous learning and development of its academic staff. The policy also outlines typical activities that are considered beneficial to contributing to the professional development of academic staff.

## 2 Scope

### 2.1 Rationale

This policy applies to all continuing, fixed-term, fractional, and sessional academic staff at UBSS. This document should be read in conjunction with other related policies (see Related Documents).

### 2.2 Legislative Context

- The Higher Education Support Act 2003 (Cth) (HESA)
- Tertiary Education Quality and Standards (TEQSA) Act 2011 (Cth);
- Higher Education Standards Framework (Threshold Standards) 2015;
- The Educational Services for Overseas Students Act (ESOS): 2000 The National Code
- Education Services for Overseas Students Regulations 2001;
- National Code of Practice for Registration Authorities and Providers of Education and Training to Overseas Students 2007;

## 3 Definitions

Item	Definition
<i>Continuing staff</i>	A staff member who is employed on an ongoing basis with no ascertainable employment end-date.
<i>Fixed-term staff</i>	A staff member who is employed for an ascertainable period (normally 48 months or more) whose employment contract specifies the starting and finishing dates of employment.
<i>Fractional staff</i>	A staff member who is employed for an ascertainable period (normally 12-18 months) whose employment contract specifies the starting and finishing dates of employment and fraction of full-time employment (0.1 to 1.0).
<i>Professional development</i>	Activities including formal learning, training and practise that are designed to enhance the staff member's professional knowledge, competence, skill, and effectiveness in performing their job.

Item	Definition
<i>Sessional staff</i>	A staff member who is employed for a specified period during the year (normally less than 52 weeks). And whose employment period is aligned to a teaching session as published in UBSS academic calendar.

## 4 Mission and Values

UBSS's mission is to develop and deliver action learning and action research that transforms individuals, business and society by enabling the collaborative development of solutions to real world challenges.

UBSS encourages the acquisition of general and specialist knowledge as well as the development of professional skills and perspectives, based on our values of:

- student-centred
- real-world engaged
- best-practice governance
- academic primacy
- academic freedom with responsibility
- collegial professionalism
- quality and excellence
- rigour and integrity
- responsible marketing
- communicate clearly, early and often
- listening
- wellbeing, respect, compassion, forgiveness and gratitude

## 5 Policy Framework

Academic staff's depth and breadth of knowledge and their commitment to learning are fundamental to the achievement of UBSS's mission. This policy is designed to:

- outline the requirements for academic staff induction, continuous upgrading of knowledge and attainment of scholarship for enhanced performance in current and future roles;
- provide support for staff development, including future career development and promotion both inside and outside UBSS;
- ensure that UBSS and all of its academic staff are able to demonstrate commitment to continuous learning and scholarship;
- enhance the capacity of UBSS to develop further, particularly in the areas of research and the promotion of new concepts; and
- achieve greater student satisfaction and expand the intellectual capacity of both staff and students.

All academic staff of UBSS are expected to actively engage in scholarly activities that will enhance their capabilities not only for performance in their current role but also to prepare them for future advancement.

[Academic Staff Development Policy] [Version v2 – review date June 2021]

Page 3 of 5

All academic staff are required to develop a personalised professional development plan and discuss their personal goals and aspirations with the Deputy Dean, Academic or his nominee. The plan needs to highlight your aspirations, including attainment of higher academic grades and or appointment to executive positions. UBSS will endeavour to support all staff members in their learning and development aspirations.

## 6 Professional Development Activities

Professional development takes many forms. Academic enrichment can be characterised as a personal endeavour and a journey (love of learning, spirit of enquiry and greater understanding of contemporary issues and trends). Typically, a range of activities may be considered as contributing to the staff member's learning and enrichment, such as:

- undertaking formal award courses at other institutions, e.g. studying for a Graduate Certificate or Diploma in teaching and learning;
- participation in short courses, conferences and seminars, related to the individual's field of expertise or related to enhancement of teaching and learning skills;
- mentoring staff and/or mentoring staff in reciprocal arrangements with peers directly, or through their supervisors and others;
- engagement in research and scholarly publications, including editorial roles;
- engagement in learned activities of relevant professional bodies, including acting as assessors/examiners of members or editors of best practice guides, etc;
- own self-directed efforts to engage with peers nationally and internationally, and authorship articles for general media;
- teaching/research activities at other higher education institutions; and
- community services (e.g. acting as an expert witness, advising industry on contemporary problems applying cutting edge knowledge, etc).

## 7 Responsibilities

### 7.1 Management Responsibility

The Executive Dean, with the support of the Program Directors, has the responsibility for implementation of this policy and for the monitoring and coordination of all academic staff development programs. The Program Directors shall hold annual review sessions with each academic staff member to review their goals, progress made based on the individual plans, effectiveness of professional and academic development activities undertaken and the like.

The Program Directors shall offer feedback to individual academic staff members, discussing their strengths and development needs, highlighting opportunities and constraints to achievement of goals, reflection on achievements and how the freshly gained expertise can be shared with colleagues or applied to enhance the individual academic's performance.

### 7.2 Individual Responsibility

Individual staff members are primarily responsible for developing and following their own professional development plans. Each academic staff member is to ensure that the portfolio of activities they have selected can respond to their learning and development needs effectively and efficiently.

Academic staff members shall reflect on their own progress regularly and revise their plans to ensure their development needs will be met. In particular, all staff members are to continuously monitor and adapt to fresh developments in their field, seek feedback, and develop their perspectives. In addition, staff need to keep up-to-date with good practices in teaching and learning, use of educational technologies and sharing of insights with colleagues.

## 8 Academic Staff Engagement

UBSS sees professional development as the enhancement of teaching and assessment skills as well as updating of specialist knowledge in the respective field.

All new academic staff shall be inducted properly in terms of UBSS teaching and learning philosophies and practices, as well as effective use of respective tools and systems. Training and induction will be held prior to the commencement of each semester.

The Program Directors shall require all sessional faculty to provide evidence of continuing professional development activities, whether through association with UBSS or other institutions or appropriate professional bodies.

UBSS aims to encourage all sessional faculty to remain abreast of their fields and engage in continuous development of their skills in effective teaching and learning techniques.

## 9 Professional Development Plan

The attached template should be used by all faculty to prepare individual professional development plans which can be used as the basis for individual academic staff review and discussion as well as academic advancement.

# **CAPTURING PROFESSIONAL DEVELOPMENT AT UBSS**

## FOREWORD

*Professional Development* at UBSS is taken very seriously.

UBSS has in place a robust and benchmarked Professional Development Policy that is comprehensive and transparent. It provides staff with an exceptional range of support mechanisms that assist in developing individuals and groups within the School.

The range of activities are identified as a means of achieving professional enhancement and UBSS supports the individual in this pursuit.

Professional Development is seen as a partnership with a staff member – encouraging a personal commitment to enhancement which requires the individual taking initiative and accessing a range of activities outside UBSS. Given our teaching staff collectively teach at 34 other like institutions, the opportunity for development is significant – considerably richer than individuals working full time at Universities for example.

All staff at UBSS have been asked to complete a three year log (2016-2018) to satisfy Condition #6 placed on UBSS in relation to its current registration. This has been managed expertly and I am appreciative of the combined effort to complete the task.

I recommend this publication to you.

**Professor Greg Whateley**

Executive Dean, UBSS and Provost, Sydney CBD Campus

A

**Staff Professional Development** is an important aspect of the work of the **Executive Dean** as expressed in the ED PD.

- Ensuring a positive academic and non-academic experience for UBSS students;
- Appointing qualified academic staff to teach across UBSS courses;
- Regularly reviewing the qualifications and performance of academic staff;
- Providing resources, programs and individual support where appropriate to enhance the quality of the teaching and support activities of academic staff;

The role of the Academic Senate (as per the TOR) is to *monitor* this domain – certainly not manage it.

- Monitor academic staff development and scholarship.

UBSS has in place a robust and benchmarked policy on Professional Development (3.18).

This policy is readily available on the UBSS website -

<https://www.ubss.edu.au/media/1294/professional-development-policy.pdf>

It is worth noting that the policy was benchmarked and found to be robust and appropriate by way of commissioned investigation by the UBSS Academic Senate in 2018.

It is also important to note (and appreciate) that Professional Development is a *shared responsibility* –

#### 4.1 Responsibility

The development of staff is a responsibility shared by individual staff, supervisors, and managers.

Individual - Professional development is a shared responsibility between the supervisor, HR and the individual staff member. Ultimately each individual is responsible for their own professional development and is expected to manage their own personal and professional development, as well as contribute to the development of their colleagues by sharing their expertise. In recognition of the benefits of staff development to themselves, staff members are encouraged to:

- seek opportunities to upgrade the skills and knowledge required in their current position;
- use constructively the performance review process to represent staff development needs and opportunities to the supervisor;
- advise supervisors where specific needs are not being met as well as give feedback on usefulness of staff development programs;

Supervisors/Managers - supervisors and managers are responsible for encouraging, counselling and helping the staff they supervise to identify their learning and career development needs and to help them find and pursue activities to meet those needs.

With these parameters established I consider the **six (6) elements** of Professional Development (PD) at UBSS in turn –

## Element #1

- annual performance discussions;

All staff members, at UBSS, are reviewed annually.

**Professional Staff and Senior Academic Staff** at UBSS have a F2F meeting with the *Executive Dean* in October/November each year and plot their performance and aspirations against their current position description. PDs are tweaked accordingly by either need or aspiration. *In the case of new staff to UBSS on completion of their first year (first anniversary) they are given a pay incentive increase of \$5,000.*

Assistant Professor Kim Sharma

### POSITION DESCRIPTION REVIEW

Kim has reviewed the current PD  
 Kim highlighted a number of changes to the role that have occurred over the last 12 month period  
 Kim made the necessary adjustments and in conversation the suggestions were agreed upon  
 Refreshed PD for the eLearning Developer (Senior) is attached

### AFFIRMATIONS

Kim noted –  
 Automation of existing processes – data correlation and analysis  
 Discovering new technologies and implementing accordingly (ie Powtoon, Camtasia)  
 Developing the blended learning format for the Graduate Certificate

### PROJECTIONS

Kim would like to –  
 UBSS mobile APP  
 New UBSS website  
 Online MBA options  
 Big data analysis and application (from LMS for example)  
 Improve user experience design (UX)

### SUPERVISOR COMMENT

Kim is a key member of the EDT. Her work is high quality and her eye for detail is excellent.

**Academic Staff** at UBSS are performance reviewed each year by the Program Director of the program in which they *mostly* teach (*this is in the case/s* of multi-program teaching). Academic Staff are informed a month prior to the review – which requires either an observation of teaching in the classroom OR an exercise around achievement of Key Results Areas (KRAs). Along with a copy of the templated report that is completed by the Program Director and a copy is sent to the individual staffer (and a copy filed with *the Office of the Executive Dean*). Strengths are *highlighted* and *deficiencies* are discussed –

### Key Result Areas

The Key Result areas will also be used to assist with Lecturers evaluation at the end of each trimester. It is intended to apply these standard requirements together with the Student feedback Surveys to provide useful feedback to each lecturer and ultimately provide a guide to maintaining high quality delivery and student engagement for all subjects delivered at UBSS .

Q1	The subject provided useful knowledge and skills											
Q2	The learning outcomes were achievable											
Q3	The subject workload was manageable											
Q4	The subject helped to develop relevant professional skills such as problem solving and critical thinking											
Q5	The lecturer was well prepared for each class											
Q6	The lecturer provided useful feedback											
Q7	The lecturer had a good knowledge of the subject matter											
Q8	The lecturer used e-learning resources eg smartboard moodle in a way that aided learning in the subject											
Q9	The lecturer was available to discuss learning problems outside of class time											
Q10	The assessment requirements were clearly explained											
Q11	Overall the teaching in the subject was of a high quality											

Signed   
Lecturer  
Michael McCormick

Program Director

Date; 29/11/2018

Program Directors usually conduct the reviews across the calendar year – that is they are spread across the three trimesters with approximately 4-5 staff reviewed in each teaching session.

*The process was completed in November for the 2018 Calendar.*

The review process is useful on a number of levels – it satisfies Element #1 of the policy; it demonstrates the calibre of teachers at UBSS in 2018 – this is further evidenced in the excellent SFUs (2016-2018) and QILT outcomes of 2016-2017) serving as a triangulation exercise; it provides the opportunity for self-reflection and collegial feedback which is vital to growth and development and largely ignored in larger organisations such as Universities; and the process serves as a useful piece of professional development for both the *staff member and the reviewer*.

It is worth noting that staff members have actually *asked to be reviewed* on a number of occasions, not surprising given their calibre.

*Program Directors remain committed to the process and the process has been maintained throughout 2016, 2017 and 2018 – certainly during the current registration period.*

UBSS staff members are also given the chance, every trimester, **to performance review UBSS** via an anonymous, electronic staff survey – the results are tabulated (*using the traffic light report mechanism*) and the outcomes are shared at the next professional development day in the calendar (usually about 2-3 weeks post completion).

The outcomes of the staff survey are provided for comparison over eight trimesters and are captured in a comparative table –

Survey Questions		T2 2016	T3 2016	T1 2017	T2 2017	T3 2017	T1 2018	T2 2018	T3 2018
Q1	You are provided with the tools and resources to do your job well	4.10	4.00	4.87	4.63	4.81	4.83	4.62	4.54
Q2	Your job requirements are clearly communicated and goals and strategies are clearly defined	4.20	4.40	4.80	4.68	4.75	4.83	4.71	4.69
Q3	You feel encouraged to come up with new and better ways of doing things	4.10	4.20	4.73	4.53	4.50	4.61	4.67	4.54
Q4	Your supervisor visibly demonstrates a commitment to quality	4.10	4.20	4.87	4.79	4.69	4.72	4.71	4.77
Q5	You are satisfied with the level of involvement in decisions that directly affect your work?	3.90	4.20	4.53	4.37	4.63	4.56	4.62	4.69
Q6	UBSS does a good job of keeping employees informed about matters affecting your work?	4.00	4.30	4.93	4.79	4.81	4.89	4.62	4.77
Q7	Overall, you are satisfied with your job?	4.20	4.50	4.87	4.79	4.88	4.94	4.76	4.85
Average		4.09	4.26	4.80	4.65	4.72	4.77	4.67	4.69

It is evident staff at UBSS are overall, satisfied with their jobs (4.9) and equally important feel UBSS provides them with the tools and resources they need to do their jobs properly (4.5). The evidence is consistent over an 8 trimester period (longitudinal).

## Element #2

- attendance at: conferences, seminars, short course (internal or external) or workshops;

Staff are encouraged (and in a number of cases funded) to attend conferences, seminars, short courses and/or workshops.

Each year staff members are asked to complete a *professional development training log* at the end of November each year. In 2018, at the behest of TEQSA, staff were asked to complete a three year (2016-2018) as Registration Conditions 6a and 6b. A sample log is provided –

### Associate Professor Wayne Smithson

**Program Director, Bachelor of Accounting**

#### Personal Statement:

I undertake professional development to use the experience gained to broaden my own knowledge and skills in order to enhance and continually develop my teaching and management skills. The professional development events and activities provide an outward facing public relations and networking perspective for UBSS from my vantage point as a senior member of the Executive Academic Team.

Associate Professor Wayne Smithson	Nov 2018	Sydney	Seminar Australia's Digital Economy impact of privacy and Big data Analysis	Australian Chamber of Commerce and Industry	\$2,500

Cost to UBSS - \$32,600

Staff are encouraged to include a range of activities (as listed) sanctioned by UBSS and of course other institutions for which they may work -

- Annual performance discussions/appraisals
- Attendance at conferences, seminars, short courses, workshops
- Participation in staff development days
- Committee Memberships
- Involvement in WIL, secondments, job rotations, exchanges, critical reflections, reading, responding to manager/supervisor feedback, networking, acting positions
- Formal studies
- External engagement, external committees, working parties, industry or professional associations, community groups or activities

There is a degree of overlap with The **Scholarship Profiles** that staff are also asked to complete in December each year. In 2017 the Training Log was phased out in place of the emphasis on the **Scholarship Profile**.

TEQSA (as a condition – 6a and 6b - of re-registration) required a 3 year Professional Development Report (essentially a log format) to be completed *in addition* to the annual scholarship profile.

The **Scholarship Profile** has been developed (and benchmarked) to maximize overview – this is more detailed and appropriate –

**SCHOLARSHIP PROFILE 2016/2017****Name**

Positions Held	
Memberships	
Conferences and Symposia	
Articles and Papers	
Self-Education	
Teaching at other like institutions	
Formal Courses	
Other	

Based on the most recent Scholarship Profiles (*December 2018*) UBSS staff are appropriately scholarship active. A copy of the 2018 Scholarship Profiles has been requested by TEQSA as part of the re-registration conditions (7b). This was completed and submitted at the end of January 2019 (REQ02697).

## Element #3

- participation in: staff development days, involving internal and external presenters, committees, industry placement/visits, staff meetings to share ideas on particular professional issues or proposed changes;

All staff members are invited to attend a **staff development day** at the commencement of each trimester, conducted in orientation week. *Part-time staff members are paid to attend.*

The standard **format** for a development day is –

1	UBSS performance in the previous trimester	Executive Dean (or delegate)
2	Program Focus	Program Directors
3	Feature Focus Area	Internal or External Expert Input

Staff development days are well attended and participants have expressed appreciation.

The most recent was scheduled for T1, 2019 –

**UNIVERSAL  
BUSINESS  
SCHOOL  
SYDNEY**  
Independent MBA Business School

**Trimester 1 2019 Staff Professional Development and Presentation of Teaching Awards**

Level 11, 233 Castlereagh Street Sydney

Monday, 21 January 2019

**AGENDA**

**PART #1 - Morning Session (10:00am- 12:00pm)**

1. For all lecturers, update on Trimester 3, 2018 by Professor Greg Whateley (30 mins) in Room 1111
2. Presentation of teaching awards T3, 2018
3. For all lecturers, a session with Program Directors in Room 1111 (90 minutes)
  - 3.1 Non-performing students
    - 3.1.1 Periodical analyses of results (i.e. Significant tests and exams)
    - 3.1.2 Identification of students at risk
    - 3.1.3 Intervention strategies
  - 3.2 Expected behaviour
    - 3.2.1 Punctuality
    - 3.2.2 Feedback to students
    - 3.2.3 Grade reporting
    - 3.2.4 KPIs
  - 3.3 Techniques on Teaching and Learning
  - 3.4 Quality Review process
  - 3.5 Other

**Break for lunch (lunch provided) in Room 1111 (12:00pm to 1:00pm)**

**PART #2 - Afternoon Session (1pm to 2pm)**

4. General Session on Moodle (with Kim) in Room 1113 (60 mins+)

*It is important to remember that all staff members at UBSS attend three staff development days each year. In addition many of them also attend similar days at other institutions at which they work. In some cases they are attending 10-12 of these session types a year. This issue has been ignored by the Regulator in the past – but this can no longer be ignored. This collective development positively impacts the overall professionalism and development of the individual.*

**Committee Membership** is a mandatory activity for full-time staff and a number of part-time staff also attend (and participate) in a range of activities.

A **schedule** of meetings for each year is published at the end of the previous calendar year. The 2019 schedule is provided as a sample –

GCA Group Colleges Australia												
MEETING SCHEDULE 2019												
	Jan	Feb	Mar	Apr	May	June	July	Aug	Sept	Oct	Nov	Dec

Professor Greg Whateley

All staff members are regularly invited to attend committee sessions as observers. *The only exception to this is the GCA Board.*

GCA does not currently organise **industry placements** for staff members. It is worth noting, however, that current academic staff members, collectively, teach at 34 like HE institutions – *a form of industry placement – if not the best form, and another issue ignored by the Regulator.*

Approximately every ten days a 'Message from the Executive Dean' is published that provides a range of updates on UBSS including committee reports, upcoming agendas, invitations to meetings, notice of organisational changes and the like.

The most recent staff survey (T3, 2018) indicates that staff members feel that they **are involved in decision making that impacts on them professionally** (Q5). 4.69 out of a possible 5 in T3, 2018 - *This has been an area of improvement by current management (circa 2016) and throughout the current registration period.*

Survey Questions		T2 2016	T3 2016	T1 2017	T2 2017	T3 2017	T1 2018	T2 2018	T3 2018
Q1	You are provided with the tools and resources to do your job well	4.10	4.00	4.87	4.63	4.81	4.83	4.62	4.54
Q2	Your job requirements are clearly communicated and goals and strategies are clearly defined	4.20	4.40	4.80	4.68	4.75	4.83	4.71	4.69
Q3	You feel encouraged to come up with new and better ways of doing things	4.10	4.20	4.73	4.53	4.50	4.61	4.67	4.54
Q4	Your supervisor visibly demonstrates a commitment to quality	4.10	4.20	4.87	4.79	4.69	4.72	4.71	4.77
Q5	You are satisfied with the level of involvement in decisions that directly affect your work?	3.90	4.20	4.53	4.37	4.63	4.56	4.62	4.69
Q6	UBSS does a good job of keeping employees informed about matters affecting your work?	4.00	4.30	4.93	4.79	4.81	4.89	4.62	4.77
Q7	Overall, you are satisfied with your job?	4.20	4.50	4.87	4.79	4.88	4.94	4.76	4.85
Average		4.09	4.26	4.80	4.65	4.72	4.77	4.67	4.69

## Element #4

- involvement in work integrated learning: secondments, job rotation, job exchange, shadowing, on the job training, critical reflection on practice, professional reading, obtaining and acting on feedback from managers/supervisors, clients and /or colleagues, networking, temporary performance of duties in another position;

UBSS is not institutionally active in the domain of secondments, job rotation, job-exchange and/or shadowing. However, given that the current academic staff members, collectively, teach at 34 like institutions this is effectively being managed by the staff themselves – it is important to remember that PD is a partnership and shared responsibility arrangement.

In terms of feedback from staff – in the most recent staff surveys (T3, 2018) - it is evident that as a collective, and in terms of **critical reflection** – staff members are satisfied that they are being **challenged to come up with new and better ways to do things** (Q3), a 4.54 out of a possible 5 rating –

Survey Questions		T2 2016	T3 2016	T1 2017	T2 2017	T3 2017	T1 2018	T2 2018	T3 2018
Q1	You are provided with the tools and resources to do your job well	4.10	4.00	4.87	4.63	4.81	4.83	4.62	4.54
Q2	Your job requirements are clearly communicated and goals and strategies are clearly defined	4.20	4.40	4.80	4.68	4.75	4.83	4.71	4.69
Q3	You feel encouraged to come up with new and better ways of doing things	4.10	4.20	4.73	4.53	4.50	4.61	4.67	4.54

Q5	You are satisfied with the level of involvement in decisions that directly affect your work?	3.90	4.20	4.53	4.37	4.63	4.56	4.62	4.69
Q6	UBSS does a good job of keeping employees informed about matters affecting your work?	4.00	4.30	4.93	4.79	4.81	4.89	4.62	4.77
Q7	Overall, you are satisfied with your job?	4.20	4.50	4.87	4.79	4.88	4.94	4.76	4.85
Average		4.09	4.26	4.80	4.65	4.72	4.77	4.67	4.69

In terms of **professional reading** it was evident from the 2018 Scholarship Profiles that staff members are active on reflection and professional reading. This reading is diverse and varied.

TEQSA was provided with the 2018 Scholarship Profiles as a condition (7b) of the current registration. The profiles were provided at the end of January 2019, REQ02697.

In terms of **supervision and feedback from managers** it was evident from the last 8 staff surveys that staff members feel the supervision is appropriate in terms of **job requirements being clearly communicated with goals and strategies defined (Q2)**, T3, 2018 (the most recent) scoring 4.69 out of a possible 5 –

Survey Questions		T2 2016	T3 2016	T1 2017	T2 2017	T3 2017	T1 2018	T2 2018	T3 2018

Average		4.09	4.26	4.80	4.65	4.72	4.77	4.67	4.69

Options around job sharing and exchange – particularly for full time staff – will be explored in the future – *though not a high priority of the current Executive Dean.*

## Element #5

- formal studies: studies for formal TAFE or higher education programs at undergraduate or postgraduate level; and

As a collective, and based on the 2018 Scholarship Returns, **UBSS staff members** are active in this domain –

TAFE courses	7
Higher Education programs	15
Other	25

## Element #6

- external engagement: Service on external committees or working parties to an industry or professional association or involvement in community groups and activities.

As a collective, and based on the 2018 Scholarship Returns, **UBSS staff members** are also active in this domain –

External Committees	17
Working Parties	19
Professional Associations	67
Community Projects	14

The notion of professional development **partnership** and **shared responsibility** is clearly expressed in the UBSS Professional Development Policy (3.18) -

### 4.1 Responsibility

The development of staff is a responsibility shared by individual staff, supervisors, and managers.

**Individual** - Professional development is a shared responsibility between the supervisor, HR and the individual staff member. Ultimately each individual is responsible for their own professional development and is expected to manage their own personal and professional development, as well as contribute to the development of their colleagues by sharing their expertise. In recognition of the benefits of staff development to themselves, staff members are encouraged to:

- seek opportunities to upgrade the skills and knowledge required in their current position;
- use constructively the performance review process to represent staff development needs and opportunities to the supervisor;
- advise supervisors where specific needs are not being met as well as give feedback on usefulness of staff development programs;

**Supervisors/Managers** - supervisors and managers are responsible for encouraging, counselling and helping the staff they supervise to identify their learning and career development needs and to help them find and pursue activities to meet those needs.

UBSS plays an active role in ensuring that all staff members (full-time and part-time) are provided with opportunities to maintain currency and professional standing. In turn staff members also play an active role in the process.

In the past, TEQSA has undermined the partnership element with other providers and was dismissive of a valid (and important) point. The issue is that an individual who works for UBSS is *not only* supported by UBSS but is also being supported by the *other institutions* at

which they work. Based on the 2018 Scholarship Profiles staff members – through this shared responsibility and partnership notion – are far better off than many (most) University staffers (for example) who would receive far inferior support. The point made was, and remains, valid.

**UBSS is active in this domain and highly supportive of Professional Development.**

B

**The 2016-2018 Professional Development Logs are provided to satisfy Condition 6a.**

## EIAS AL HUMDAN

### Lecturer
