About QILT

The Quality Indicators for Learning and Teaching website provides prospective students with relevant and transparent information about Australian higher education institutions from the perspective of recent students and graduates. This student feedback is interactive and searchable containing data about student experience and graduate outcomes, ensuring information is available for students to make informed decisions about their study options. The Quality Indicators for Learning and Teaching, including this website, are funded by the Australian Government Department of Education and Training.

Lecture Studios TEDX Style Streaming

All Lecture studios feature the following technologies:

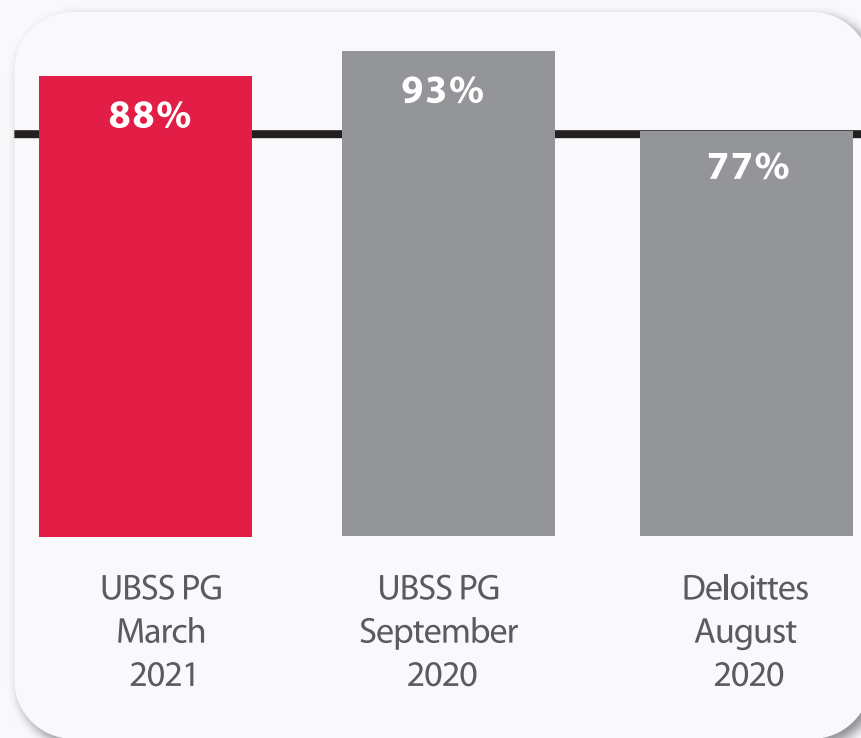

- High definition automatic tracking cameras.
- High quality dual-channel wireless microphones.
- Dual interactive whiteboards.
- Dual display screens for more effective classroom management.
- Wireless presenter remotes.

“The investment in technology and the focus on sustaining a high standard of teaching and learning was evidenced in the conversion of classrooms into lecture studios. With the likelihood that online teaching would continue throughout 2020 and beyond, GCA started to invest heavily in converting classrooms into lecture studios (not unlike television studios) from the beginning of Trimester 2, 2020”

Emeritus Professor Greg Whateley – UBSS Deputy Vice Chancellor
“Transitioning to Online Teaching and Learning at UBSS”, September 2020.
