4 Application of Discontinuation Policy

In the event that the GCA Board decides to discontinue a course of study, the following procedures will apply to current and prospective students:

4.1 Current Students

Students currently enrolled in a course that is to be discontinued by UBSS are provided with three options:

To remain enrolled in the discontinued course, with the course being taught-out until all enrolled students complete the course. Affected students must complete within their CoE period, and maintain full-time enrolment during the remainder of the course;

To transfer to another UBSS course and receive Credit Transfer for relevant subjects undertaken in the discontinued course;

To transfer to another provider. Students choosing this option must ensure that they meet the conditions outlined in the *GCA Transfer between Registered Providers Policy*.

4.2 Prospective students

No students will be admitted to the course in the trimesters that follow the decision of the GCA Board. This requires that GCA:

- Updates the national CRICOS register; Updates the federal PRISMS database;
- Updates UBSS and GCA promotional materials and website;
- Advises agents who admit students to courses on behalf of UBSS.

In the event that a prospective student has accepted a formal offer into a UBSS course that has been discontinued before the above actions can be completed, the affected student and their agent are contacted by GCA and formally advised of the course discontinuation. This advice includes the reasons why the course is being discontinued and a recommendation for further action, such as admittance to another UBSS course (where the student meets the entry and visa requirements) or withdrawal from UBSS and application to another provider. Prospective students who decide to withdraw from UBSS may be entitled to a refund of any funds paid in accordance with the *GCA International Students Refunds Policy*.

Eligible students may transfer to a lower nested award (where available) and in turn exit early.

International students will require a change to CoE irrespective of transfer or early exit.

4.3 Provider Default

In the case where provider (UBSS/GCA) default is the reason for the discontinuation or suspension of a course, the reasons for discontinuation and/or suspension will be assessed and actioned against UBSS's Risk and Opportunity Management Policy and Plan. Affected students are given prompt communication about the issue, and have recourse to the GCA Transfer between Registered Providers Policy and any applicable arrangements outlined in the UBSS Tuition Assurance Policy.

UBSS will provide detailed communication to students, agents, staff and all stakeholders regarding plans to or processes associated with discontinuation of a program.
